CLEARFIELD PROGRESS

THE WEATHER

Fair tonight. Local thunder
showers Wednesday. Continued
warm.

NUMBER 183

VOLUME XVIII

THE CLEARFIELD PROGRESS, CLEARFIELD, PA., TUESDAY EVENING, AUGUST 5, 1924.

SMITH AND NELSON
NEGOTIATE FINAL
ICELAND AIR HOP

Reykjavik, Iceland, Aug. 5 (INS).—Despite a heavy gale Lieut. Lowell Smith and Lieut. Erik Nelson, American round the world flyers, arrived here safely this afternoon from Hornafjord where they hopped off at 9:15 o'clock this morning.

Both aviators made good landings in the harbor.

Smith and Nelson encountered high winds all along the south Iceland coast, but their sturdy planes bucked them successfully. It is approximately 300 miles between stations.

The cruiser Raleigh, which has been stationed at Hornafjord, patrolled off the coast at this port.

The Yankee airmen arrived at 2:10 o'clock taking four hours and 55 minutes for the journey.

Hornafjord, Iceland, August 5, (INS).—Lieut. Lowell Smith and Lieut. Erik Nelson, United States army round the world aviators, departed at 9:15 o'clock this morning for Reykjavik.

The Yankee airmen expected to reach their objective early in the afternoon. This leg of the flight is 300 miles long and carries the flyers along the southern coast of Iceland.

From Reykjavik the flyers will jump off for Greenland.

The aviators were up at daybreak scanning the horizon and getting weather reports from the American war craft patrolling the flight route. The two planes, which had been over the land yesterday, were inspected once again for it was anticipated that head winds might be encountered along the desolate coast of Iceland.

Only the word was given that the conditions warranted a continuation of the flight. The motors were turned up then two great gray machines rose from the surface of the landlocked harbor with their exhaust roaring.

The entire population of the village turned out to give a farewell demonstration.

CROWE FORCES DR. HEALY TO MAKE A DAMAGING REPLY

By GEORGE R. HOLMES
(I. N. S. Staff Correspondent.)

Chicago, Aug. 5.—Dr. William Healy, a noted Boston psychiatrist, who testified that he found both Nathan F. Leopold, Jr., and Richard A. Loeb to be "thoroughly unbalanced mentally," was put through a savage two-hour grilling at the hands of State Attorney Robert E. Crowe, today in the trial of the young slayers for the murder of Robert G. Gage.

Crowe ripped into the conclusions of the Boston alienist with both hands, and he succeeded in getting Dr. Healy to admit that both young slayers are also "normal intellectually," and that the crime was directed by the intellect, and not by their "wild phantasies" that have played such a part in this trial.

In a score of different ways Crowe abuses that plumbing is put to, it is a real wonder that he ever guesses right.

"A way out of the difficulty is for every householder to know at least as much about plumbing as about the cook stove or the lawn mower. Also to learn the few simple things to do, and not to do—to avoid damage to the plumbing. Any reputable plumber and heating dealer will gladly and freely help you to that knowledge. Contrary to the general impression, the plumbing and heating dealer usually loses money on minor repair jobs."

"The greatest wonder of all is that plumbing does not break down oftener than it does. Usually every member of the household will carefully throw anything from hair pins to rubber boots into plumbing and blame the plumber and heating dealer for the results."

—Building and Engineering News.

COSGRAVE URGES
GREAT BRITAIN
TO MAKE HASTE

Dublin, August 5 (INS).—President William T. Cosgrave, of the Irish Free State Government, was reported this afternoon to have warned the English government that Irish Republicans may attempt to seize the Free State if there is further delay in adjusting the Ulster Boundary dispute.

President Cosgrave wants a boundary commission created at once in conformity with the terms of the Anglo-Irish treaty.

Colonial Secretary J. H. Thomas and Home Secretary Arthur Henderson of the London Government are here conferring with President Cosgrave. They informed the Irish executive today they feared that a boundary commission bill would be blocked in the House of Lords if an effort were made to jam it through Parliament.

There were informal discussions between the Representatives of the English Government and Free State cabinet.

GERMAN DELEGATION
IN LONDON WORKING
FOR THE DAWES PLAN

By DAVID M. CHURCH
(I. N. S. Staff Correspondent.)

London, Aug. 5.—Germany's delegation of reparations experts, numbering nearly 40 members, arrived from Berlin today to participate in the final sessions of the allied reparations conference upon terms of equality with the allies.

It was anticipated that the first demand of the Germans would be for evacuation of the Ruhr by the Franco-Belgian armies.

The Germans attended a plenary session of the conference at noon when Premier Ramsay MacDonald made a brief speech of welcome.

The program for this afternoon was for Premier MacDonald to outline the agreements already reached by the allies. The conference was then to adjourn to give the Germans an opportunity to study the official text of the agreements.

Representatives of Premier MacDonald and the German embassy greeted the Germans at the railway station. They proceeded at once to the hotel Ritz where a whole floor was reserved for them as guests of Great Britain.

"We have come to London with a sincere desire to assist in finding a method for putting the Dawes' plan into action without alterations," said Herr Specker, acting as spokesman for the delegation. "We wish to see the report carried through as soon as possible."

BURGESS APPOINTED

Judge A. R. Chase this morning appointed Squire W. C. Russell, one of Grampian's oldest and best known citizens, Burgess of that town to succeed A. C. Wood, resigned.

Burgess Russell is a reputable citizen, a life-long resident of the town and especially well qualified for the place. He should and undoubtedly will make a competent official.

BANDITS LOOT BANK
AT CLARION, IOWA

Clarion, Iowa, Aug. 5. (INS).—Bandits, traveling in a large automobile, swooped down on Galt, near here, early today, cut all wires into the town, wrecked the interior of the bank of Galt with dynamite and made their escape. The amount of loot has not been determined.

MOTORIST WHO
KILLED LITTLE GIRL
COMMITTS SUICIDE

Baltimore, Md., August 5. (INS).—John Giachel, member of the Maryland State legislature, who has been under a physician's care since his automobile killed a little girl two years ago, fired a bullet into his brain today and died shortly afterwards at a hospital.

His wife, hearing the shot, found her husband lying across a bed with the pistol near him on the floor.

HEART ATTACK IS
FATAL TO MINISTER
WHO PREACHED HERE

The Rev. David S. Curry, pastor of the Presbyterian church, at Mt. Union, died very suddenly Saturday evening of heart trouble. The Rev. Curry, who at the time of his death was enjoying a two weeks' vacation and was taken suddenly ill after an automobile ride died shortly before 9 o'clock.

The Rev. Curry was born in Ireland and was a little more than 50 years of age. He was educated in the schools of Ireland, was a graduate of the University of Edinburgh and received his theological training at Princeton University, Princeton, N. J.

Surviving are his widow and two sons, George and David, Jr., both of whom are students at the University of Pittsburgh.

The deceased had been in the ministry for approximately 20 years, the last five of which he had been located at Mt. Union. He had served in York, Pittsburgh and Clarinda, Pa. He supplied the Presbyterian pulpit at Clearfield on Sunday, July 27th, in the absence of the regular pastor.

EIGHT CHILDREN ARE
ORPHANED WHEN
TRAIN HITS CAR

Philadelphia, Aug. 5 (INS).—Four persons, two of them women, were killed instantly today when the fast-flying seashore express struck and demolished the automobile in which they were riding at New Lisbon, N. J., about 20 miles north of Camden.

The dead are:

Clifford H. Haines, 45, New Lisbon. Mrs. Josephine Haines, 40, his wife. Harry Bush, 50, New Lisbon. Mrs. Bertha Bush, 38, his wife.

Mr. and Mrs. Haines leaves five small children and Mrs. Bush leaves three.

According to witnesses, the automobile either stalled on the crossing directly in the path of the approaching train or the driver became confused and lost control of the situation. The bodies of the women were picked up under the cow-catcher of the engine.

The men, sitting in the front seat were thrown clear of the machine.

Neighbors say they were starting on a huckleberrying trip.

Playing Children Are
Found Dead Drowned
In Bathtub At Home

Chicago, Aug. 4.—Ruth Siegel, 5 years old, and her brother, Edward, 6 years old, drowned in a bath tub today while their mother chatted with a neighbor in an adjoining room.

For half an hour their laughter as they played with toy boats reached their mother, as she went about her duties. Mrs. Martha Haas, a next door neighbor dropped in for a chat and departed. Then, alarmed at the sudden silence, the mother dashed to the bath room. The children lay in each others' arms, their heads under the water.

The girl, presumably, had slipped over the edge while piloting her boat and the boy had been dragged in while trying to help her out. Two relay squads with plumbers worked over the bodies more than an hour.

Highway Dept. Makes
Great Strides During The
Year; 120 Miles Of New
Road Have Been Finished

Approximately 120 miles of "durable" highway have been constructed so far this year, officials in the Department of Highways announced Saturday. The department's resurfacing operations, conducted by its own forces, have resulted in the completion of 289 miles of macadam.

The Highway Department is one department of the present state administration that is surely functioning on "high gear." Secretary Wright has proven himself to be the right man in the right place. When he assumed office he promised a safe, sane, conservative, business administration of the Highway Department and he has certainly made good on his every promise. Mr. Wright had a program when he started operations and he has worked carefully to that program every day since that time.

His constructive plan relative to the work of his department when he started in appealed to those familiar with the road needs of the central and western part of the state and has been carried out day by day, without deviation since that time and the sections mentioned have profited greatly thereby and will continue to do so.

When Secretary Wright announced his building program, following the passage of the \$50,000,000 road bond issue, Clearfield county people were somewhat disappointed because there was little work on the part of the state mapped out for this county during 1924. However, Mr. Wright in presenting his three-year program announced that he proposed to complete every mile of secondary highway in the state, if it was humanly possible, before the end of his term and to that end stated that considerable of the remaining secondary mileage in this county was on the program for building during 1925.

We are pleased to be able to state that the secretary is as good as his word and already at least two engineering corps are at work or getting ready for a start on the preliminary survey of at least two sections of secondary highway for which contracts will be let and work started next year. One crew is making a survey of the road connecting Clearfield and Bellefonte via Snow Shoe mountain, and the other will be on the up-river route at or near Bell's Landing on the Clearfield and Ebensburg and Indiana route.

OFF ON VACATION TRIP

Dr. G. B. Mauk and family, of Woodland, leave tomorrow for a ten days vacation trip to Philadelphia and Atlantic City. The doctor's Clearfield office will be closed until August 15th.

WEBSTER ALMOST EXHAUSTED BY NAMES
APPLIED TO WHATEVER AILS LEOPOLD
AND LOEB, CHICAGO'S BOY MURDERERS

By GEORGE R. HOLMES
(I. N. S. Staff Correspondent.)

Chicago, Aug. 5.—The queer twists and turns in the mentalities of Nathan F. Leopold, Jr., and Richard A. Loeb that led them to kidnap a 14-year-old boy and beat him to death with a cold chisel—all for the thrill—were subjected to still further scientific exploration today by the defense attorneys, to try to save them from the gallows.

"Thoroughly unbalanced, mentally diseased, pathologically off, paranoid personalities, dreamers, supreme egotists, detectives, delusional super-men, fanatics"—these are but a few of the hundred descriptive terms tossed on the scales of justice by the scientists in their efforts to account for the strangest murder in American criminology.

After they are all in, the last psychiatrist has testified, Judge John C. Caverly will decide whether the young collectors shall go to the scaffold or to prison for life.

"Babe" and "Dicky" are getting a great thrill out of listening to the alienists.

It fascinates them, this cold dissection of themselves.

"Leopold has a remarkable intellect," says Dr. William Healy, Boston psychiatrist, "that he has a disintegrating personality, a deteriorating emotional trend whatsoever, and he has deluded himself into thinking he is a super-man."

"Dicky" turns and looks at his accomplice. He is plainly surprised. He of Caverly's decisions and then they had always rated Nathan pretty high, speculate on what his verdict will be a real and not a delusional super-man in this unusual case.

BIG COUNTY SUNDAY
SCHOOL CONVENTION
AT CURWENSVILLE ON
THURSDAY, AUG. 7TH

Irvin Park, Curwensville, will be the recipient of one of the largest crowds that ever assembled on the banks of the Susquehanna River on Thursday of this week. Thursday, August 7th has been in the minds of thousands of Sunday school workers for the last three months. Since the first announcement of Sunday School Field Day at Irvin Park, Curwensville, legions of people have been visiting this beautiful park, enjoying the river baths, surveying the many sequestered retreats and inhaling the ozone from the pine, hemlock, oak, chestnut and other unnumbered trees. A splendid auditorium has just recently been finished and the Sunday school organization of the county will have complete control of all the park facilities for a real field day.

Mr. H. P. Kirk, president of the Sunday School Field Day, and Mr. J. D. Haines, secretary, have been working day and night in attending to the details of this big day. The program is so full that there will be no idle time in carrying it out. It has leaked out that Mr. Kirk has a surprise for Curwensville and vicinity early Thursday morning. This surprise is to take place at nine o'clock and is not on the program. It will pay those from a distance to get into Curwensville to witness this demonstration, the like of which has never happened in Curwensville. From what we have learned from the eavesdropper on this subject we have already arranged to have a special correspondent on the grounds to report the event.

Dr. E. S. Erhard, Burgess of Curwensville, will deliver the address of welcome as soon as the parade reaches the ground. The parade is counting on 1,000 men in line. They are to assemble in front of the Methodist Church at ten o'clock, and will "forward march" promptly at 10:30. It is hoped that the parade may start a little before half past ten, so the parade can be taken care of on the grounds before eleven o'clock, the hour set for the address of welcome. Mr. N. E. Shimmel, county president of the Sunday School Association, will deliver the response. After the formal opening exercises are completed, a concert will take place in the large auditorium.

Two large bands have been provided besides a concert orchestra to please all those who enjoy first class music. Everybody is looking forward to the enormous choir, consisting of over 500 voices, which has been provided to fill the air with music, so that the carers that may infect the day, shall fold their tents like the Arabs, and as quietly steal away.

(Continued on Page Seven.)

STREET AND ALLEY PAVING, SEWAGE
CONSTRUCTION AND BETTER LIGHTING
OCCUPY ATTENTION OF BORO COUNCIL

Eight of the 12 members of Council assisted President George M. Rosser to transact the business of the taxpayers at last night's semi-monthly meeting of Council. The reports given by the different borough officers and chairmen of committees denote that considerable new work has been done and is underway about town this summer.

Paving and Sewers Built.

Chairman Bosham of the Highway Department reported the completion of front street paving, the progress on the paving of Moose alley and stated that upon the completion of this alley the work of paving Locust street from Third to Fourth would be undertaken.

Will Pave First Ward Alley.

An ordinance providing for the paving of the alley extending from Pine street to Reed street and lying between Second street and Third street, was presented and will be called up for passage at the meeting on Monday, September 1st.

To Start Market Street Sewer.

Borough Solicitor Urey presented a letter received from Market Street Auto Sales Co. protesting against the building of the proposed Market street sewer through to the river between their building and the bridge abutment and notifying Council they would hold the borough liable for any damage sustained by reason of such sewer building. The ownership of a strip of land at this point along the river is in question and the Auto Sales Company took this means of protecting their rights. Chairman Adams of the Sewer Committee was directed to proceed with the work of building the sewer.

Take Truck To Convention.

Request was made to Council by the Fire Department that the Elk Hose Company be given permission to take their fire truck to the district firemen's convention at Patton. The request was unanimously granted.

Want Fire Plug on Martin Street.

A petition signed by all the property owners in the vicinity was presented by C. G. Flickinger asking that a fire plug be located at the corner of West Sixth avenue and Martin street. Complaint was also made that the water main on this street was but two inches in diameter and totally inadequate for that rapidly growing section. The complainants were referred to the Water Company and Public Service Commission. The request for the water plug was granted.

Improvements Asked For.

McClellan Bowles asked that he be given a sidewalk grade for his property on Olive avenue and that the street there be put in proper condition for the increased travel. Referred to Highway Department.

J. K. Potter asked for a sewer on South Third street and the request was referred to the Sewer Department for investigation and report.

A check for \$24 was received from the residents of Locust street, between Second and Third streets for oiling of that street by the borough forces. The \$24 paid for the oil used.

Sewer Building Progressing.

Chairman Adams of Sewer Committee reported the completion of Locust street sewer and the Cherry street relief drain in the Moose alley. He also placed in the alley along the Park property and extending to William street to take care of the surface water out of the Park. Council directed that the sewer be built.

Want Better Street Lights.

Chairman Jay of the Public Property Committee presented the report of his committee recommending a relocation or readjustment of the street lighting system of the town. The committee said they had made a survey of the town and had no less than 17 new lights to recommend to be added to our present patch-work system, as the result of requests from different sections of the town. That before making this recommendation they had taken the matter up with the Penn Public Service Company and had been given the benefit of advice from expert electrical engineers who had come to Clearfield and surveyed the town for the purpose of devising a better lighting system.

The committee then presented two

plans, both of which would be satisfactory to them, but recommended Plan No. 2, which provides for a "white way" or the boulevard or ornamental lights in the business district. Under this system it is proposed to make a general rearrangement of the entire lighting system of the town by increasing the total number of lights from 146, as at present, to 211. The present area in the business district would be replaced by ornamental lights, similar to those in front of the Clearfield Trust building, while some of the present are lights in the outlying districts and all the 80 candle power incandescents would be superseded by 38 lights of 250 candle power and 72 lights of 100 candle power each, with 57 of the present are lights remaining. There would also be 44 of the ornamental or boulevard lights, one-half of which would burn all night and the other half be extinguished about 11 o'clock, or when the stores are all closed.

This plan No. 2 would add \$2,217.30 to the annual light bill or a total sum for street lighting of \$8,126.30.

The boulevard or ornamental lighting would be contingent upon the property owners in the district affected providing the necessary installation of underground wires and poles at an approximate cost of \$1.80 per front foot. The business men will be canvassed by the Light Committee and representatives of the Penn Public Service Company and if they are willing to provide the installation the plan will be put through by Council and would likely be in operation about the first of next year.

The boulevard lights under the plan would extend on Market street from the alley between Third and Fourth streets to the alley between First and Second streets. On Second street from the alley at Jordan's hotel to Locust street. On Third street from Locust to Market street.

Plan No. 1 provides for an increase from 146 to 175 lights, of which 34 would be 250 candle power; 72 would be 100 candle power, with 65 are lights, at an increase of \$1,062.20 over present light costs, or a total annual expenditure of \$6,912.26.

More Sidewalk Notices.

Notices to build sidewalks in front of their properties on Martin street were ordered served on the following property owners: Roger S. Snyder, L. C. Matern, Ella Colegrove, Walter T. Hancoy, Arthur A. Dermerer, Emory J. Gearhart, E. B. Leas, C. J. Flickinger, S. J. Thompson, Edith A. Fairer, and Connie E. Thompson.

UNIDENTIFIED MAN
KILLS PROMINENT
PHILA. PHYSICIAN

Philadelphia, Aug. 5. (INS).—An unidentified man today shot and murdered a prominent physician, in his office here and then fired a bullet through his own heart, killing himself instantly. The motive for the deed is unknown.

The assassin fired five shots. Dr. Despard, one of which entered his lung. It is believed he was a stranger to the doctor and fired at him apparently without warning. A card was found in the dead man's pocket bearing the name of Alfonso Masi. Dr. Despard is on the staff of the Polytechnic Institute and is also a demonstrator of clinical surgery at Jefferson College. He is 56 and unmarried.

FOUND SKELETON IN
BRIGHT POSITION IN
BARN EXCAVATION

Lancaster, Pa., Aug. 5. (INS).—A skeleton in an upright position was discovered today by workmen excavating under a barn at the home of Walter L. Essleman, of Mount Joy. Old residents say that a cemetery was located near the site of the barn, but cannot explain the upright position of the skeleton.

DEFENSE TEST DAY IS WHAT WOMEN SAY OF MOBILIZATION

In a statement issued from the headquarters of the Daughters of the American Revolution, Washington, Mrs. Anthony Wayne Cook, the President-General, says: "Defense Test Day" is to the government what a "Fire Drill" is to a public school system. No one would think of questioning the latter as one of the greatest safety measures introduced within modern times. A clear thinking individual can readily fail to look upon "Defense Test Day" as a similar safeguard. That it should be construed as a menace and as a military bugaboo by the people who are opposed to war under any and all conditions is not to be wondered at. Any such forward looking as this will undoubtedly bring into the open both its advocates and its enemies which is in itself of no insignificant value.

Since the World War taught us anything, it brought home to even the most uneducated and internationally minded of us, the terrible sacrifice that the brave men of America paid in blood on the fields of France and Belgium. As a nation we had persisted in the same complacency that the United States could be depended upon to "see it through" in time of need without adequate citizen training and preparation for the task in hand.

Each individual is the nation or the state that fails to benefit by its past mistakes. September twelfth, our national day, is a day of reflection, a day to look back upon our past blunders in preparation for the defense of its future. There is no cloud or disaster that rests upon our horizon, more so at the time in which to do so.

Believing that this day is to be devoted to the nation and to its citizens, men and women equally alike, it has been my solemn duty as President-General of the Daughters of the American Revolution to urge upon all State Regents the desirability of having every Patriotic of the American Revolution come to the spirit and the letter of the "Defense Test Day."

Philadelphia Girl Lost Six Months In New York Does Not Know Parents

Philadelphia, August 5. (INS.)—Eighteen-year-old Florine Adams, who disappeared mysteriously five months ago while traveling from Baltimore to her home in Ormantown here, is back with her parents, a victim of amnesia.

The girl was discovered by her father working as a telephone operator in New York, where he had been led to go by a stranger who called at his home here and gave the clue that led to her discovery.

"I'm sorry but I don't know you," is the only answer given her parents when they try vainly to have her recognize them.

According to the girl's story she was attempting to pass from one coach to another in the train when it lurched throwing her against the side of the car. She can remember nothing further of her former life before she started work as a phone operator in New York.

MR. COOLIDGE AND WARREN EXCHANGE NICE COMPLIMENTS

By GEORGE E. DURNO
I. N. S. Staff Correspondent
Washington, Aug. 5.—Extending Charles B. Warren full credit for the establishment of the "Most Cordial Relations" that ever existed between the United States and Mexico, President Coolidge today formally accepted Warren's resignation as American Ambassador to Mexico City.

At the same time, Warren issued a statement in which he declared the Coolidge administration must be given credit for putting America's international relations on a "better basis" than has existed for a long time.

He referred especially to solution of the "pressing problems in the far east and Mexico, and, through the Dawes plan in Europe.

Henry S. Jacobs arrived Monday noon to spend a few days with his parents at Trinity Church manse.

Marriage Licenses

Wayne Lewis and Aitres Martin, both of Curwensville.
Charles Burns, of Eriton, and Margaret V. Fox, of DuBois.

ODDS AND ENDS
AND THINGS

By J. D. C.

Uncle Sam says 1954 will be a big year in two ways. He hopes to announce the final payment off of the war debt. The treasury's plans are based that way. The date will be later if prices drop materially and the people's economies are correspondingly cut, thereby reducing money available for taxation.

In 1954, also, Uncle Sam expects to have the country bone-dry. That was the date set by experts when national prohibition went into effect. They didn't kid themselves, that it could be brought about overnight. One generation, at least.

When we got back home from that New York convention and told some of our "Doubting Thomas" Republican friends how dry it was, they looked at us and grinned, just as much as to say, "quit your kidding". Here is expert proof of what we said:

"New York City, generally regarded as the great oasis in prohibition America, was congratulated on July 10 by Division Chief of Prohibition Merrick on its dryness during the Democratic convention. Eighty general prohibition agents, assigned to New York for convention duty, also were praised for mopping up more than 100 places, where liquor was sold. The seizures made between June 24 and July 9, Chief Merrick said, aggregated in value about \$600,000.

Law violations by New Yorkers generally and by visitors to the city were comparatively negligible. Mr. Merrick said that he saw only one drunken man during the convention and that incognito inquiry at Madison Square Garden had found nobody who knew of liquor selling in the vicinity. Mr. Merrick, in commenting upon the situation, said, "There was no public evidence of boozing. I never saw a more conscientious crowd of delegates and friends. There was some liquor sold but very little. In view of the large quantities of liquor seized this is a remarkable condition. New York surely did its bit in observing the Eighteenth Amendment."

It takes 51,613 postoffices to serve the United States with its daily grail of mail, according to figures compiled and made public by Postmaster General Now. This is a rough average of one postoffice for each 2200 inhabitants.

The figures emphasize that the postal system in one of the biggest businesses in the whole country. It is a business with more than 50,000 branches, some of them at isolated cross roads and some in the very heart of the big city business districts.

Postoffices are not distributed among the states in exact proportion to population, as might be expected on casual consideration. New York, the most populous state, has 2267 postoffices, while its neighbor, Pennsylvania, has 2969. Pennsylvania has more offices than any other state. Texas has just one less postoffice than New York, while Virginia with 2282, has a state with less than the most populous.

There are 12443 postoffices and Ohio has 12443, which borders both the most populous states on the south, has 2500, which is a greater number than any state except Pennsylvania. Delaware has only ninety-nine postoffices, which is less than the number in some of the territories.

Approval of the purchase of 2,445 acres of forest land in McKean, Forest and Warren counties by the National Forest Reservation Commission brings the total acreage of the Allegheny national forest reserve to more than 150,000 acres. The forest was designed to protect the headwaters of the Allegheny River and is composed largely of second growth maple, beech and birch. According to information received by the state officials the National Commission plans to establish a large camp in the Warren county section so that it will connect with Allegheny Park, maintained by New York State, forming a "playground" of hundreds of acres.

The Fourth of July accident toll this year includes at least 200 children who will probably lose the sight of one or both eyes, the National Committee for the Prevention of Blindness announced today.

The greatest damage was caused by firecrackers, the eyes of 82 children having been injured by premature explosions and other such accidents. Firearms injured the eyes of 24 boys and toy cannon those of seven. Torpedoes injured nine, while Roman candles and skyrockets injured 12.

Pennsylvania led all states in the number of such accidents reported, its total being 24. New York was second with 23. Illinois reported 16 and Iowa 15.

DAILY RADIO PROGRAM

(Compiled by United Press.)
WEDNESDAY, AUGUST 6

Wednesday's Best Features.
WEE, NEW YORK—Golden Band.
WOL, PHILADELPHIA—Houston Hall.
WCAP, WASHINGTON—U. S. Army Band.

PLAYGROUND ACTIVITIES

Various leagues and tournaments are now being run off or planned for the local playgrounds and are attracting many boys and girls as well as some older folks. The boys baseball and the girls volleyball leagues seem the most popular while horse shoes, tether ball, checkers, jacks, marbles, etc., are drawing no little attention. The standing and schedules for the week for some of them follow:

GRAIN PRICES, UP AND DOWN

Wheat rises spectacularly in price, and the joyful farmers thereupon prepare to plant wheat more heavily in the fall and spring.

It is a perfectly natural thing to do, in the circumstances. It is human nature, out of which springs economic law. Every man, seeing profit ahead along a certain line, wants to follow that line and make more profit. So groups of men, operating as individuals of their own free choice, proceed to defeat their own good luck and change the situation.

Wheat commanded high prices during the war and for some time afterward. That led inevitably to the planting of a large acreage in wheat. Wheat production increased to such an extent that, when the abnormal war demand fell off, prices slumped. Now small production has resulted in higher prices. Higher prices will make larger production. Larger production in turn will bring lower prices.

It is the eternal cycle, which works in industry as it does in agriculture. And it will continue as long as any class of producers are more concerned with immediate profits than with steady profits over a long period.

GASOLINE STATIONS

The gasoline filling station business, says the head of a big company, is being overdone. A casual survey of the general situation suggests that he is right. Figures uphold him.

Service stations have multiplied with startling rapidity in the last few years and are still multiplying, in every thriving community. They invade every business street and many a residence street. They are becoming as common on down-town corners as saloons used to be and as drug stores have been more recently. They appear unexpectedly in the most out-of-the-way places, lying in wait for the tourist trade which comes wherever roads are good, or wherever bad roads lead to important places. Rivalry is keen. If there is little or no competition in price, for the same grade of gasoline or oil, there is competition enough in service, which is what the trade wants.

But the service becomes expensive with the multiplication of stations and the installation of elaborate equipment. In one city half a cent on every gallon goes for rent of the ground space, alone, not to mention the overhead cost of the outfit and the men in charge, and the expense of transporting supplies.

The stations make money, but less than they would if there were fewer of them. The driving public likes the stations sprinkled around rather plentifully, for reasons of convenience, but any particular driver grows less enthusiastic when a station invades his neighborhood and lowers the value of his property or spoils a fine view. The thing is being overdone, as is the way of petty competition in many other lines of business. And the public has to pay for the excess service, just as it has to pay for the superfluous small stores and shops of many kinds.

"THE SPIRIT OF 1914"

The German people have been celebrating the beginning of the World War, 10 years ago. Or at least, some of them have. The militarists have been encouraging them in that celebration. Field Marshal Hindenburg, for example, gave this message to the German public:

"May the spirit of 1914 again be the common property of all Germans!"

Anybody else might suppose that the Germans would want to forget this anniversary, instead of remembering it, considering what the war it symbolizes has done to them. It was "the spirit of 1914" that brought them where they are now, beaten, prostrate, impoverished, burdened with stupendous debt and still regarded with mingled hatred and fear by a large part of the world.

The one thing a true patriot would not wish for the German people is a resurgence of the blind, arrogant, warlike spirit which led them to follow ambitious leaders into their great military adventure.

The Good Sense Of Saving

Saving is, and always has been, a mark of good sense—"horse sense". The saving habit has always identified its possessor as a person worthy of faith, credit and respect. Start your savings account with us today—start it and then increase it. You'll find it pays.

CLEARFIELD TRUST CO.

WHEN MA'S AWAY!

PRESBYTERIAN CHURCH NOTES

We were glad to welcome to our service on Sunday Rev. R. P. Miller, of Philipsburg, who brought us the morning message. Mr. Miller selected his text from Paul's Epistle to the Romans, 8:15. There is no more important question than the relation of each and every individual to God. Paul tells us that, as believers are children of God by adoption, and faith in Jesus Christ; and as children become heirs of God and joint-heirs with Christ. The spirit of adoption requires each one to have reverence toward Him, fear of Him, submission and love, but the greatest of these is love.

The evening service was one of richest blessing and power, not only thru the beautiful selections rendered by the choir and organist but thru the servant of God, Rev. Horace Lincoln Jacobs, who brought us the message from the epistle of Paul to the Colossians, 1:28.

Meetings for the week: Wednesday evening the most helpful service of the week at 7:30. Come and be a blessing and receive the blessing of peace and comfort.

Thursday afternoon the monthly meeting of the Ladies' Aid in the Church parlor.

Thursday Class No. 4 will hold their annual picnic at the park in Curwensville, every body come and bring a friend, providing sufficient lunch in the basket for them. Jitney will be at the Church at 2:00 for all those who have no way of getting there. Time? Thursday afternoon August 7. Place? Irvin Park, Curwensville. Lunch? Everyone bring their own, with an extra amount for the friends.

Thursday, August 7, Field Day Meet at Irvin Park, for all the Sabbath Schools of the county. We want to see a good representation of the members of the Clearfield Presbyterian Church and Sabbath School.

Friday evening the Ladies' Aid of the Reedsville Chapel will meet in the Chapel at 7:30.

Mr. and Mrs. Gray E. Miller and sons Edward and Clifford, accompanied by Dorothy Schenck, left by motor today for York, Philadelphia, and Atlantic City, where they will spend a ten-day vacation.

Hemorrhoids—Piles Cured or Nothing to Pay

No man or woman need suffer another day from any pain, soreness or distress arising from Hemorrhoids or Piles, now that a Rochester doctor's prescription, known to druggists as MOAVA SUPPOSITORIES, can be obtained for a moderate price. You'll be amazed to see how quickly they act even in long standing cases. Stewart Drug Company and all good druggists will supply you on the money back if dissatisfied plan.

Pittsburgh—Fire, early this morning killed 15 horses, four persons narrowly escaped death and destroyed the livery stable of A. A. Rubenstein here. The loss is estimated at \$3,000.

New Kensington—John Soangler, 27, of Akron, O., is still alive this morning at the City's General Hospital here, though he has been unconscious for 150 hours. He was struck by an automobile a week ago in the Pittsburgh road near Creighton according to authorities. Spangler had his skull fractured.

Progress Editorials for Women

OUR BEST FRIEND

By FLORENCE DAVIES
Work. Just plain, everyday work, with your heart in it. That is the time killer that "Dad" Quick, who celebrated his 103d birthday recently, is most earnestly recommending.

"It gives one an appetite for food and for sleep," he urges. "People are better working than loafing."

To prove that he meant every word that he said, the young oldster, who is a saddle maker, put in thirteen hours work on his birthday, two more than his usual daily record.

Visions of "doing nothing forever and ever" assail us in these hot vacation-month days, and of course we all need a change, if only to make us glad to get home and back on the job once more, whether we are homemakers or business women, or all that we can manage of both.

But too many weeks of idleness have found to disagree with both Jack and Jill. Anyone who keeps track of current events in these fast moving days may read, even as she runs, that

lack of honest and useful employment is at the foundation of much of the all-year-round juvenile crime so prevalent nowadays.

Judges of the divorce court tell us that "too much money and too much leisure" keep their mills grinding.

Seekers after an answer to community problems say that what a man does with his leisure indexes him. It is then that "some mischief still for idle hands" enters into the problem.

Yes, "Dad" Quick is right about it. Too much work is better than too little, and a birthday spent in useful employment is well celebrated by comparison with the thoughtless, not to say vicious use of the same time, as many a duffer through the days would plan it.

But to those who need vacation rest, having well earned it, here's a wish for all the joys that can be packed into the summer hours.

SUFFERED PAIN FOR YEARS

Mrs. Jahr Finally Relieved by Lydia E. Pinkham's Vegetable Compound

Howard Lake, Minnesota.—"I write to let you know that I have taken several bottles of your medicine in the last three months, and found it to be very good. I had pains and other troubles women have and was not able to do my work. Seeing your 'Ad.' in the paper, I thought of giving Lydia E. Pinkham's Vegetable Compound a trial. I got good results from it and feel able to do my housework now. I used to have lots of pains, but after taking the medicine I am relieved from pains that I had suffered from for years. I recommend the Vegetable Compound to my friends, and hope this letter will be satisfactory for you to publish."—Mrs. JENNIE JAHR, R. E. No. 2, Box 21, Howard Lake, Minn.

Pittsburgh—With two deaths from acute alcoholism reported at the coroner's office here yesterday, 74 persons have died from "poison booze" since the beginning of the year according to the local health bureau. William J. Barrett, 48 and John L. Salsbury, 32 are the latest alcohol victims here.

Free upon Request
Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free, upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information that every woman should have.

UNITED STATES TIRES ARE GOOD TIRES

Unloading latex for U.S. Royal Cord Balloon Tires from tank steamers to U.S. Rubber Company Tank Cars—New York Harbor

What Latex means to U. S. Balloon Tires

NOTICE a balloon tire flatten under the weight of the car and you realize how great a responsibility for combined flexibility and strength low air-pressure construction throws on the tire manufacturer.

When the balloon tire was first being considered the makers of U. S. Royal Cord Balloon Tires had already developed the Latex Process—and patented it.

They had the supply of latex—liquid raw rubber—on their own plantations—and the methods for bringing it to this country.

So U. S. Royal Cord Balloon Tires are built of Latex-treated cords—and have strength and flexibility obtainable by no other method.

Combined with longer service, U. S. Royal Cord Balloon Tires have the advantages of accurate balance and a tread scientifically designed for low air-pressure.

Consequently their tractive and anti-skid qualities meet every requirement of safety and ease in handling at all speeds.

United States Rubber Company

U. S. Balloon Tires are made for 20 and 21 inch rims. Also U. S. Balloon-Type Tires to fit present wheels and rims.

From Salt to Vinegar.
It is a rule with the Mohammedans
to begin a meal with salt and finish
with vinegar. If they begin with salt
they think they will escape the con-
tagion of seventy diseases. If they
finish with vinegar, their worldly pos-
sibility will continue to increase.

NOTICE
In the matter of the Paving and
otherwise Improving of the Alley ex-
tending from Pine Street to Reed
Street, and located between Second
Street and Third Street, in the First
Ward of the Borough of Clearfield,
Pennsylvania.
Notice is hereby given that at the
regular meeting of Council of the
Borough of Clearfield, Pennsylvania,
on Monday evening, August 4, 1924,
the following Ordinance was introduced
and will be voted upon for adoption
at the regular meeting of said Coun-
cil on Monday evening, September 1,
1924.
GEORGE M. ROSSER,
President of Council,
of the Borough of Clearfield.

Attest:
J. D. CONNELLY,
Secretary.

AN ORDINANCE
Authorizing the grading, guttering,
drainage and paving of the alley ex-
tending from Pine Street to Reed
Street, and located between Second
Street and Third Street, in the First
Ward of the Borough of Clearfield,
Pennsylvania, and providing for the
assessment and payment of the cost
thereof.

Be it ordained by the Council of the
Borough of Clearfield in Council regu-
larly assembled, and it is hereby or-
dained and enacted by authority of the
same:

Section 1. That the alley extending
from Pine Street to Reed Street, and
located between Second Street and
Third Street, in the First Ward of
the Borough of Clearfield, shall be
graded as may be found necessary to
give it an even and uniform surface
and shall be guttered, drained and
paved with concrete of an uniform
width of twenty feet, and the center
line of the paving shall be in the center
of said alley.

Section 2. The grading, guttering,
drainage and paving of said alley shall
be done under the direction of the
Borough Engineer. The cost and ex-
pense of grading, guttering, drainage
and paving shall include all work and
expense incidental thereto, such as
grading, filling, guttering, drainage,
paving, engineering, publishing ordin-
ances, the cost of materials and labor
and everything whatsoever that may
be necessary to make a complete job;
two-thirds of the cost and expense of
said improvement shall be paid by the
owners of the properties abutting on
said alley, one-third of the cost and
expense of said improvement shall be
paid by the Borough of Clearfield; the
entire cost and expense shall be made
up by the Borough Engineer of the
Borough of Clearfield and the pro rata
share or assessment of each property
owner shall be determined on the
basis of the number of feet of the re-
spective properties abutting on said
alley, which assessments, if not
promptly paid, shall be collected from
the owners of the real estate abut-
ting on said improvement in the man-
ner provided by law.
Ordained and enacted this day
of September, A. D. 1924.

President of Council
of the Borough of Clearfield.

Attest:
Secretary.

Examined and approved this
day of September, A. D. 1924.

8/5/24ch Burgess.

EXECUTOR'S NOTICE

Uriah Straw, Est., late of Boggs
Township, deceased.
Notice is hereby given that letters
testamentary in the above named es-
tate have been granted to the under-
signed, to whom all persons owning
said estate are requested to make pay-
ment, and those having claims or de-
mands against it to make known the
same without delay.
N. E. Shimmel,
Executor.

Why It Will Pay You To Trade In Clearfield

Stewart Drug Company.

For many years this location has been used for a drug store but the present firm of the Stewart Drug Company has been operating since 1917, when the present company was formed.

Situated in the very heart of the business district, opposite the Court House on Market street, this store is of easy access for people from all parts of the city.

The comprehensive stocks carried by this store include everything that you would naturally expect to find in a store of the kind and the courteous service of all the employees make it an ideal place for your drug purchases.

A CITY OF UP-TO-DATE STORES WHERE

YOU GET THE MOST FOR YOUR MONEY!

The Progressive Business Firms whose ads. appear on this page have combined in presenting a series of articles designed to show the most skeptical of persons that it is to their best advantage at all times to Trade in Clearfield. All of the firms here represented have your interests at heart as well as their own and we sincerely hope these articles may be the means of a better understanding between the merchants and the public.

Why It Will Pay You to Trade In Clearfield

On an old tombstone over in Scotland are these words: "I was well, I wanted to get better, here I am."

Yes, here we are. And the strangest part of it all is that a great many of us seem to have thrown out the anchor. We refuse to budge because we don't like the sailing. Its perfectly right and proper to put up the umbrella when it rains, but why let yourself get the "umbrella-holding" habit? The flowers hold up their faces to the storm—they're brighter and better for it when the sun shines again. We've all been pretty well washed—we're clean—we're thru with storms, so let's go—Let's shine—Let's fight—Let's work together to make Clearfield a better place in which to live. A better place for our children to live. A better place for our friends to live.

We can accomplish wonders if we but think we can and if we back up our thoughts with constructive labor and practices. If you quit, so do others. If you start something, others take heart and do likewise. Let us stop saying—"Wait until everybody else begins to buy in Clearfield." Begin now yourself and you will find that everybody else will begin to follow the good example you set for them. Already the ball is rolling. Are you going to PUSH, or watch from the sidelines? Don't let your neighbor outdo you in the betterment of our town and county. Get into the ranks of the people who DO things. Start something—anything—just so it is for the betterment of Clearfield.

For years and years Clearfield merchants have served you. In many instances they have served your parents and grandparents before you. They have kept abreast of the times. When the new things came out they stocked them for your benefit. But they were worth stocking. But they at all times preserved your interests. If an article was not of sufficient value for the money they refused to purchase and pass it on to you. In that respect they have saved you many dollars. Why did they? They could have made a profit in selling to you and yet they refused to handle the article. The reason they did not is worthy of your consideration. They have your confidence. They consider that confidence worth far more than the few paltry dollars of profits they could have made. Some of you are willing to profit by their good intentions. You didn't consider that they had perhaps gone to the expense of getting these articles and then returned them because they could not consistently offer them to their trade, so you mailed your dollars to other concerns in other cities. You were disappointed probably and were the loser. Clearfield stores are progressive. If any thing new comes out you will find it on their shelves if it is worthy a place on them. But always remember that they will first protect your interests. So if you can't find what you want in Clearfield ask your dealer about it. It may be he has some ordered that will arrive that day or the next and you save time. Then again it may be that he had some and returned them as unworthy to his trade. In any event it will always pay you to consult your local dealer first.

Clearfield dealers want your trade. If they did not want it you wouldn't see this page in The Clearfield Progress. It is put here for a purpose. That purpose is primarily to conserve the interests of yourself and your friends as residents of Clearfield. They want to make this a more prosperous community in which to live. If it prospers as a community, you as an individual will prosper also. ALWAYS remember that. And if Clearfield is a good enough town for you to live in and to make your living in, it is also a good enough town for you to make your purchases in. And if you will try making all your purchases in Clearfield you will soon find that it is a much better city to live and prosper in than you now think it is.

Next week we will tell you more about Clearfield and Clearfield's merchants. Something that will be to your interests to read. Something it will pay you to remember and tell to your friends.

Imported Compacts, Face Powders and Toilet Waters

You will always find a plenteous stock of these things here and we suggest you get thoroughly acquainted with our stock before you make your purchases.

CORNER MERRILL AND WILLIAM STREETS

Curwensville's Own Column

Miss Marian Snyder has returned to her home on George street, after a two weeks visit in Tyrone and State College.

Mr. and Mrs. H. D. Smeal, of Cleveland, O., motored to Curwensville on Friday. They will be accompanied home by Mrs. Carrie Snyder and daughters, Misses Marian and Cora.

The religious meeting held over at the Park Sunday evening terminated in rather a Klan gathering more than anything else. Klansmen were there in full regalia, and Rev. Boone preached. Little Gertrude Erhard sang two songs. A large number of people were in attendance.

Mrs. Lynn Kester and Mrs. Harry Fleming spent a portion of last week at Juniata visiting with the McDowell family.

Next Thursday a number of Curwensville Red Men will go over to Madera to attend a District Convention of that order.

The Deputy Sheriff and one of Clearfield's policemen were in Curwensville Saturday scouting around and trying to locate a former resident but who has not been seen in this vicinity for a year.

Do not fail to remember that Sunday School day will be held on Thursday. A full program will be carried.

out by which the people can be amused all day long.

It was stated not many days ago that water would be pumped into the reservoir for town use. This has not been done yet, as several new mountain springs have been tapped making it unnecessary to pump from the creek.

LEG ALMOST SEVERED BY MOWING MACHINE

Edwin Kauffman, of Mahaffey, is a patient in the Adrian hospital suffering from an accident with a mowing machine in which he sustained a badly mutilated leg.

Mr. Kauffman was mowing when he became tangled in the knives of the machine which almost severed his leg. His condition is not serious and the chances are that the leg will be as good as ever when he is dismissed from the hospital.

Crowe Forces Dr. Healy To Damaging Reply

(Continued from Page One.)

demanded to know whether it was "intellect or childish phantasy" that directed the various details of the plotting of the crime, and in each case the alienist was forced to respond that it was the intellect of the youthful collegians.

"And both Leopold and Loeb are above normal intelligence?" demanded Crowe.

"Yes," admitted the alienist, "one is considerably above normal intellectually and the other is slightly above the average."

"Well, was it intellect or was it this childish phantasy we've been hearing so much about, that led to the careful plotting of this crime," asked Crowe.

"Intellect," admitted Dr. Healy.

"As a matter of fact," said Crowe, "there isn't much difference between this crime and any other, except the ingeniousness of the plot, and the high

grade of the intellect that conceived it all."

Healy said he thought there was a lot of difference, that "a lot of other things enter into it."

Crowe endeavored to show by a series of shrewd questions that Leopold and Loeb are no different from any other criminals except that they are considerably smarter than most other criminals, but Dr. Healy doggedly stuck to his guns. He said both young slayers are of diseased mentality, low grade emotionally, and "thoroughly unbalanced."

Crowe again attempted to get the defense alienist to say that the slayers are "insane," but Dr. Healy shied away from the term as "unmedical and unscientific" and rested his conclusions entirely on the word "thoroughly unbalanced-mentally."

Washington, Pa., August 5 (INS.)

August Storck, 40, died at a hospital here today from injuries received when the automobile in which he was riding went over a 20-foot embankment near here last night and was wrecked. George Stoppel, who was riding with Storck is in the hospital seriously injured.

Big County Sunday School Convention

(Continued from Page One.)

Hon. M. Clyde Kelly, who is to speak on "The Challenge To America," will be introduced at two o'clock. Mr. Kelly is one of the most noted orators on the American platform today. Years from now many people will be telling their children that they heard Hon. M. Clyde Kelly at rym Park, Curwensville, the first Thursday of August, 1924. Do not miss this wonderful address.

Mrs. Grant Norris has charge of the children's play. Many games have been arranged and suitable prizes provided. This department of Field Day promises to be a boon to parents and children. If your child is too young, and you want a little freedom, all you have to do is to turn your child over to this department and it will be lovingly taken care of.

The big athletic events will start at 8 o'clock. The large program which has been printed will direct you about this and the prizes offered. There you will learn all about the big ball game which is to follow the athletic events, the concerts, and other activities which will be going on all the time.

We hope you can say with us, "We shall be on the grounds on this BIG DAY."

"Listening In" is where you'll pick up many a station broadcasting real information about Clearfield.

A Cordial Invitation

You and your friends are cordially invited to attend the Opening of the beautiful new banking home of the Curwensville State Bank, which will open for business Saturday, August 9th, 1924.

You are welcome at any time to call and inspect this building, which is one of the most complete modern and up-to-date institutions in this section of the country, yet Saturday, August 9th, has been especially set aside as "Open House for visitors."

The many convenient and complete features of the bank will be shown and explained by the officers, directors and employees, and especially interesting to visitors will be the massive vault which is the last word in vault construction.

In order to give everyone an opportunity to view our banking quarters the bank will remain open during the evening of Opening Day.

REMEMBER — NO OTHER INVITATION IS NEEDED. We expect you and your friends at our Opening.

Mountain Climbing as a Sport.
Climbing satisfies many needs; the love of the beautiful in nature; the desire to exert oneself physically, which with strong men is passionate craving that must find satisfaction somehow or other; the joy of conquest without any woe to the conquered; the prospect of continual increase in one's skill. The mountaineer does not reap any golden harvest by his exertions—even if he writes a book on his subject. He does not exhibit his skill to applauding thousands, and his vanity is rarely tickled by the praise of many. He must be content with the sport itself and what it offers him directly.—Owen Glynn Jones

"Where the Thrifty Shop"

The Clearance You Have Been Waiting For

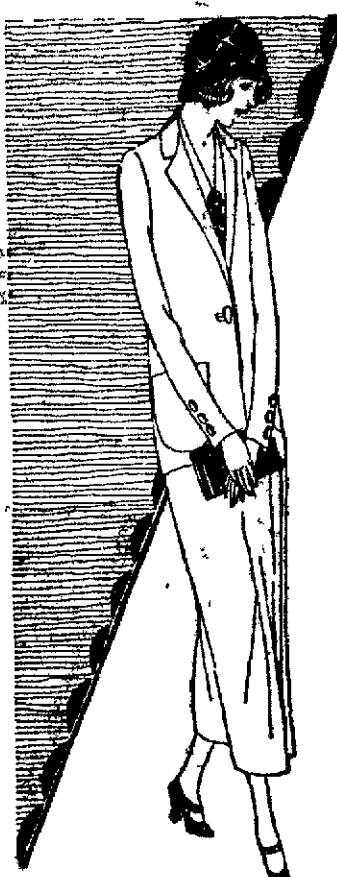

If you are going away, if you go motoring, or if you stay at home, there are many times when one of these Suits or Coats will be appreciated. Bear in mind, every price is a bonifide reduction.

Women and Misses Smart Coats and Suits

THE SUITS

In Wanted Models

An opportunity too rare for any woman to miss. Qualities are exceptionally fine. Every detail of tailoring indicates superiority. Fashionable models in good hairlines, twills, tweeds, and other wanted fabrics. Not a suit in the whole wonderful lot could be duplicated within double of the price asked. Until you see them you cannot appreciate their value.

THE COATS

In Snappy Styles

This is truly the most important event of the season. Aside from the amazing reduction of One-Half the coats are unusual—styles reach the point of exclusiveness—fabrics and workmanship are of the kind always associated with the best garments. A genuine clearance. That means wearable coats clear into the Winter months.

YOUR CHOICE OF \$100.00 COATS OR SUITS AT JUST	\$50.00
YOUR CHOICE OF \$75.00 COATS OR SUITS AT JUST	\$37.50
YOUR CHOICE OF \$50.00 COATS OR SUITS AT JUST	\$25.00
YOUR CHOICE OF \$25.00 COATS OR SUITS AT JUST	\$12.50

Many Other Prices Prevail All At Half Original Prices

Storck who lives on a farm borrowed the automobile from his neighbor, James A. Walsh yesterday to procure some supplies from Washington. The machine became uncontrollable when he was returning home and plunged down the embankment pinning Storck and Swireczek under the car. A third man in the car escaped injury.

Pittsburgh—August 5 (INS.)—Local police are puzzled today in their efforts to establish the identity of a girl aged 26 who was found wandering in Highland Park, late last night. She says she does not recall her name, her home address or any of the circumstances which led to her being in the park at the time.

The only thing she remembers, she said, are two bright lights of an automobile, and they came together. Most of the time she talks incoherently about a black dog. She is well dressed, has red hair and weighs about 110 pounds.

Migrate at Night

The majority of birds migrate at night. Some species do so both by day and night, as swans, geese, ducks, nightjars, swallows and swifts. The average rate of flight is very much less than men at first believed. The majority of small land birds seldom fly more than 25 miles an hour, and they rarely fly more than a few hours each night.

Ravages of Guilt

Guilt upon the conscience, like rust upon iron, both defiles and consumes it, gnawing and creeping into it, as that does which at last eats out the very heart and substance of the metal.—South.

SMITH AND NELSON
NEGOTIATE FINAL
ICELAND AIR HOP

Reykjavik, Iceland, Aug. 5 (INS).—Despite a heavy gale Lieut. Lowell Smith and Lieut. Erik Nelson, American round the world flyers, arrived here safely this afternoon from Hornafjord where they hopped off at 9:15 o'clock this morning.

Both aviators made good landings in the harbor.

Smith and Nelson encountered high winds all along the south Iceland coast, but their sturdy planes bucked them successfully. It is approximately 300 miles between stations.

The cruiser Raleigh, which has been stationed at Hornafjord patrolled off the coast at this port.

The Yankee airmen arrived at 2:10 o'clock taking four hours and 55 minutes for the journey.

Hornafjord, Iceland, August 5, (INS).—Lieut. Lowell Smith and Lieut. Erik Nelson, United States army round the world aviators departed at 9:15 o'clock this morning for Reykjavik.

The Yankee airmen expected to reach their objective early in the afternoon. This leg of the flight is 300 miles long and carries the flyers along the southern coast of Iceland.

From Reykjavik the flyers will jump off for Greenland.

The aviators were up at daybreak scanning the horizon and getting weather reports from the American war craft patrolling the flight route. The two planes, which had been over the land yesterday, were inspected once again for it was anticipated that head winds might be encountered along the desolate coast of Iceland.

Clearly the word was given that better conditions warranted a continuation of the flight. The motors were turned up then two great gray machines rose from the surface of the landlocked harbor with their exhaust roaring.

The entire population of the village turned out to give a farewell demonstration.

CROWE FORCES DR.
HEALY TO MAKE A
DAMAGING REPLYBy GEORGE R. HOLMES
(I. N. S. Staff Correspondent.)

(Continental Court, Chicago, Aug. 5.)—Dr. William Healy, a noted Boston psychiatrist, who testified that he found both Nathan F. Leopold, Jr., and Richard A. Loeb to be "thoroughly unbalanced mentally," was put through a savage two-hour grilling at the hands of State's Attorney Robert E. Crowe, today in the trial of the young slayers for the murder of Robert G. Gage.

Crowe ripped into the conclusions of the Boston alienist with both hands, and he succeeded in getting Dr. Healy to admit that both young slayers are also "normal intellectually," and that the crime was directed by the intellect, and not by their "wild phantasies" that have played such a part in this trial.

In a score of different ways Crowe

COSGRAVE URGES
GREAT BRITAIN
TO MAKE HASTE

Dublin, August 5 (INS).—President William T. Cosgrave, of the Irish Free State Government, was reported this afternoon to have warned the English government that Irish Republicans may attempt to seize the Free State if there is further delay in adjusting the Ulster Boundary dispute.

President Cosgrave wants a boundary commission created at once in conformity with the terms of the Anglo-Irish treaty.

Colonial Secretary J. H. Thomas and Home Secretary Arthur Henderson of the London Government are here conferring with President Cosgrave. They informed the Irish executive today they feared that a boundary commission bill would be blocked in the House of Lords if an effort were made to jam it through Parliament.

There were informal discussions between the Representatives of the English Government and Free State cabinet.

GERMAN DELEGATION
IN LONDON WORKING
FOR THE DAWES PLANBy DAVID M. CHURCH
(I. N. S. Staff Correspondent.)

London, Aug. 5.—Germany's delegation of reparations experts, numbering nearly 40 members, arrived from Berlin today to participate in the final sessions of the allied reparations conference upon terms of equality with the allies.

It was anticipated that the first demand of the Germans would be for evacuation of the Ruhr by the Franco-Belgian armies.

The Germans attended a plenary session of the conference at noon when Premier Ramsay MacDonald made a brief speech of welcome.

The program for this afternoon was for Premier MacDonald to outline the agreements already reached by the allies. The conference was then to adjourn to give the Germans an opportunity to study the official text of the agreements.

Representatives of Premier MacDonald and the German embassy greeted the Germans at the railway station. They proceeded at once to the hotel Ritz where a whole floor was reserved for them as guests of Great Britain.

"We have come to London with a sincere desire to assist in finding a method for putting the Dawes plan into action without alterations," said Herr Specker, acting as spokesman for the delegation. "We wish to see the report carried through as soon as possible."

BURGESS APPOINTED

Judge A. R. Chase this morning appointed Squire W. C. Russell, one of Grampian's oldest and best known citizens, Burgess of that town to succeed A. C. Wood, resigned.

Burgess Russell is a reputable citizen, a life-long resident of the town and especially well qualified for the position. He should and undoubtedly will make a competent official.

BANDITS LOOT BANK
AT CLARION, IOWA

Clarion, Iowa, Aug. 5. (INS).—Bandits, traveling in a large automobile, swooped down on Galt, near here, early today, cut all wires into the town, wrecked the interior of the bank of Galt with dynamite and made their escape. The amount of loot has not been determined.

SOLVED, BY HECK!—WHY DOES A PLUMBER
GO BACK FOR HIS TOOLS? IT MUST BE TRUE
BECAUSE A PLUMBER TOLD US WHY

In discussing the question of why the plumber goes back after his tools, Wm. J. Mott, secretary of the Master Plumbers' Association of Sacramento, says:

"In 99 cases out of a hundred the house owner and the plumber and heating dealer are both at a disadvantage, because the owner can not tell him what is really the matter. He cannot take the plumbing to the repair shop as he would his shoes or watch. The plumbing and heating dealer cannot bring his entire shop to the home, yet any one of the scores of tools or thousands of articles may be required.

"Unless the householder accurately describes what is wrong, the plumber must actually see the job before he can be certain what must be done. Not being gifted with clairvoyant powers the plumber tries—and tries hard—to guess at what he needs to bring with him. In view of the many

MOTORIST WHO
KILLED LITTLE GIRL
COMMITTS SUICIDE

Baltimore, Md., August 5. (INS).—John Giachel, member of the Maryland State legislature, who has been under a physician's care since his automobile killed a little girl two years ago, fired a bullet into his brain today and died shortly afterwards at a hospital.

His wife, hearing the shot, found her husband lying across a bed with the pistol near him on the floor.

HEART ATTACK IS
FATAL TO MINISTER
WHO PREACHED HERE

The Rev. David S. Curry, pastor of the Presbyterian church, at Mt. Union, died very suddenly Saturday evening of heart trouble. The Rev. Curry, who at the time of his death was enjoying a two weeks' vacation and was taken suddenly ill after an automobile ride died shortly before 9 o'clock.

The Rev. Curry was born in Ireland and was a little more than 50 years of age. He was educated in the schools of Ireland, was a graduate of the University of Edinburgh and received his theological training at Princeton University, Princeton, N. J.

Surviving are his widow and two sons, George and David, Jr., both of whom are students at the University of Pittsburgh.

The deceased had been in the ministry for approximately 20 years, the last five of which he had been located at Mt. Union. He had served in York, Pittsburgh and Clarinda, Pa. He supplied the Presbyterian pulpit at Clearfield on Sunday, July 27th, in the absence of the regular pastor.

EIGHT CHILDREN ARE
ORPHANED WHEN
TRAIN HITS CAR

Philadelphia, Aug. 5 (INS).—Four persons, two of them women, were killed instantly today when the fast-flying seashore express struck and demolished the automobile in which they were riding at New Lisbon, N. J., about 20 miles north of Camden.

The dead are:

Clifford H. Haines, 45, New Lisbon.

Mrs. Josephine Haines, 40, his wife.

Harry Bush, 50, New Lisbon.

Mrs. Bertha Bush, 38, his wife.

Mr. and Mrs. Haines leaves five small children and Mr. and Mrs. Bush leave three.

According to witnesses, the automobile either stalled on the crossing directly in the path of the approaching train or the driver became confused and lost control of the situation. The bodies of the women were picked up under the cow-catcher of the engine.

The men, sitting in the front seat were thrown clear of the machine.

Neighbors say they were starting on a huckleberrying trip.

Playing Children Are
Found Dead Drowned
In Bathtub At Home

Chicago, Aug. 4.—Ruth Siegel, 5 years old, and her brother, Edward, 6 years old, drowned in a bathtub today while their mother chatted with a neighbor in an adjoining room.

For half an hour their laughter as they played with toy boats reached their mother, as she went about her duties. Mrs. Martha Haas, a next door neighbor dropped in for a chat and departed. Then, alarmed at the sudden silence, the mother dashed to the bathroom. The children lay in each others' arms, their heads under the water.

The girl, presumably, had slipped over the edge while piloting her boat and the boy had been dragged in while trying to help her out. Two relay squads with plumbers worked over the bodies more than an hour.

Highway Dept. Makes
Great Strides During The
Year; 120 Miles Of New
Road Have Been Finished

Approximately 120 miles of "durable" highway have been constructed so far this year, officials in the Department of Highways announced Saturday. The department's resurfacing operations, conducted by its own forces, have resulted in the completion of 289 miles of macadam.

The Highway Department is one department of the present state administration that is surely functioning on "high gear." Secretary Wright has proven himself to be the right man in the right place. When he assumed office he promised a safe, sane, conservative, business administration of the Highway Department and he has certainly made good on his every promise. Mr. Wright had a program when he started operations and he has worked carefully to that program every day since that time.

His constructive plan relative to the work of his department when he started in appealed to those familiar with the road needs of the central and western part of the state and has been carried out day by day, without deviation since that time and the sections mentioned have profited greatly thereby and will continue to do so.

When Secretary Wright announced his building program, following the passage of the \$50,000,000 road bond issue, Clearfield county people were somewhat disappointed because there was little work on the part of the state mapped out for this county during 1924. However, Mr. Wright in presenting his three-year program announced that he proposed to complete every mile of secondary highway in the state, if it was humanly possible, before the end of his term and to that end stated that considerable of the remaining secondary mileage in this county was on the program for building during 1925.

We are pleased to be able to state that the secretary is as good as his word and already at least two engineering corps are at work or getting ready for a start on the preliminary survey of at least two sections of secondary highway for which contracts will be let and work started next year. One crew is making a survey of the road connecting Clearfield and Bellefonte via Snow Shoe mountain, and the other will be on the up-river route at or near Bell's Landing on the Clearfield and Ebensburg and Indiana route.

OFF ON VACATION TRIP

Dr. G. B. Mauk and family, of Woodland, leave tomorrow for a ten days vacation trip to Philadelphia and Atlantic City. The doctor's Clearfield office will be closed until August 15th.

WEBSTER ALMOST EXHAUSTED BY NAMES
APPLIED TO WHATEVER AILS LEOPOLD
AND LOEB, CHICAGO'S BOY MURDERERSBy GEORGE R. HOLMES
(I. N. S. Staff Correspondent.)

Chicago, Aug. 5.—The queer twists and turns in the mentalities of Nathan F. Leopold, Jr., and Richard A. Loeb that led them to kidnap a 14-year-old boy and beat him to death with a cold chisel—all for the thrill—were subjected to still further scientific exploration today by the defense attorneys, to try to save them from the gallows.

"Thoroughly unbalanced, mentally diseased, pathologically off, paranoid personalities, dreamers, supreme egotists, detectives, delusional super-men, fanatics"—these are but a few of the hundred descriptive terms tossed on the scales of justice by the scientists in their efforts to account for the strangest murder in American criminology.

After they are all in, the last psychiatrist has testified, Judge John C. Caverly will decide whether the young collegians shall go to the scaffold or to prison for life.

"Babe" and "Dicky" are getting a great thrill out of listening to the alienists.

It fascinates them, this cold dissection of themselves.

"Leopold has a remarkable intellect," says Dr. William Healy, Boston psychiatrist, "that he has a disintegrating personality, a deteriorating emotional trend whatsoever, and he has deluded himself into thinking he is a super-man."

"Dicky" turns and looks at his accomplice. He is plainly surprised. He has always rated Nathan pretty high, but he has not a delusional super-man in this unusual case.

BIG COUNTY SUNDAY
SCHOOL CONVENTION
AT CURWENSVILLE ON
THURSDAY, AUG. 7TH

Irvin Park, Curwensville, will be the recipient of one of the largest crowds that ever assembled on the banks of the Susquehanna River on Thursday of this week. Thursday, August 7th has been in the minds of thousands of Sunday school workers for the last three months. Since the first announcement of Sunday School Field Day at Irvin Park, Curwensville, legions of people have been visiting this beautiful park, enjoying the river baths, surveying the many sequestered retreats and inhaling the ozone from the pine, hemlock, oak, chestnut and other unnumbered trees. A splendid auditorium has just recently been finished and the Sunday school organization of the county will have complete control of all the park facilities for a real field day.

Mr. H. P. Kirk, president of the Sunday School Field Day, and Mr. J. D. Haines, secretary, have been working day and night in attending to the details of this big day. The program is so full that there will be no idle time in carrying it out. It has leaked out that Mr. Kirk has a surprise for Curwensville and vicinity early Thursday morning. This surprise is to take place at nine o'clock and is not on a program. It will pay those from a distance to get into Curwensville to witness this demonstration, the like of which has never happened in Curwensville. From what we have learned from the eavesdropper on this subject we have already arranged to have a special correspondent on the grounds to report the event.

Dr. E. S. Erhard, Burgess of Curwensville, will deliver the address of welcome as soon as the parade reaches the ground. The parade is counting on 1,000 men in line. They are to assemble in front of the Methodist Church at ten o'clock, and will "forward march" promptly at 10:30. It is hoped that the parade may start a little before half past ten, so the parade can be taken care of on the grounds before eleven o'clock, the hour set for the address of welcome.

Mr. N. E. Shimmel, county president of the Sunday School Association, will deliver the response. After the formal opening exercises are completed, a concert will take place in the large auditorium.

Two large bands have been provided besides a concert orchestra to please all those who enjoy first class music. Everybody is looking forward to the enormous choir, consisting of over 500 voices, which has been provided to fill the air with music, so that the carers that may infect the day, shall fold their tents like the Arabs, and as quietly steal away.

(Continued on Page Seven.)

STREET AND ALLEY PAVING, SEWAGE
CONSTRUCTION AND BETTER LIGHTING
OCCUPY ATTENTION OF BORO COUNCIL

Eight of the 12 members of Council assisted President George M. Rosser to transact the business of the taxpayers at last night's semi-monthly meeting of Council. The reports given by the different borough officers and chairmen of committees denote that considerable new work has been done and is underway about town this summer.

Paving and Sewers Built.

Chairman Bosham of the Highway Department reported the completion of front street paving, the progress on the paving of Moose alley and stated that upon the completion of this alley the work of paving Locust street from Third to Fourth would be undertaken.

Will Pave First Ward Alley.

An ordinance providing for the paving of the alley extending from Pine street to Reed street and lying between Second street and Third street, was presented and will be called up for passage at the meeting on Monday, September 1st.

To Start Market Street Sewer.

Borough Solicitor Urey presented a letter received from Market Street Auto Sales Co. protesting against the building of the proposed Market street sewer through to the river between their building and the bridge abutment and notifying Council they would hold the borough liable for any damage sustained by reason of such sewer building. The ownership of a strip of land at this point along the river is in question and the Auto Sales Company took this means of protecting their rights. Chairman Adams of the Sewer Committee was directed to proceed with the work of building the sewer.

Take Truck To Convention.

Request was made to Council by the Fire Department that the Elk Hose Company be given permission to take their fire truck to the district firemen's convention at Patton. The request was unanimously granted.

Want Fire Plug on Martin Street.

A petition signed by all the property owners in the vicinity was presented by C. G. Flickinger asking that a fire plug be located at the corner of West Sixth avenue and Martin street. Complaint was also made that the water main on this street was but two inches in diameter and totally inadequate for that rapidly growing section. The complainants were referred to the Water Company and Public Service Commission. The request for the water plug was granted.

Improvements Asked For.

McClellan Bowles asked that he be given a sidewalk grade for his property on Olive avenue and that the street there be put in proper condition for the increased travel. Referred to Highway Department.

J. K. Potter asked for a sewer on South Third street and the request was referred to the Sewer Department for investigation and report.

A check for \$24 was received from the residents of Locust street, between Second and Third streets for oiling of that street by the borough forces. The \$24 paid for the oil used.

Sewer Building Progressing.

Chairman Adams of Sewer Committee reported the completion of Locust street sewer and the Cherry street relief drain in the Moose alley. He also placed in the alley along the Park property and extending to William street to take care of the surface water out of the Park. Council directed that the sewer be built.

Want Better Street Lights.

Chairman Jay of the Public Property Committee presented the report of his committee recommending a relocation or readjustment of the street lighting system of the town. The committee said they had made a survey of the town and had no less than 17 new lights to recommend to be added to our present patch-work system, as the result of requests from different sections of the town. That before making this recommendation they had taken the matter up with the Penn Public Service Company and had been given the benefit of advice from expert electrical engineers who had come to Clearfield and surveyed the town for the purpose of devising a better lighting system.

The committee then presented two

plans, both of which would be satisfactory to them, but recommended Plan No. 2, which provides for a "white way" or the boulevard or ornamental lights in the business district. Under this system it is proposed to make a general rearrangement of the entire lighting system of the town by increasing the total number of lights from 146, as at present, to 211. The present area in the business district would be replaced by ornamental lights, similar to those in front of the Clearfield Trust building, while some of the present are lights in the outlying districts and all the 80 candle power incandescents would be superseded by 38 lights of 250 candle power and 72 lights of 100 candle power each, with 57 of the present are lights remaining. There would also be 44 of the ornamental or boulevard lights, one-half of which would burn all night and the other half be extinguished about 11 o'clock, or when the stores are all closed.

This plan No. 2 would add \$2,217.30 to the annual light bill or a total sum for street lighting of \$8,126.30.

The boulevard or ornamental lighting would be contingent upon the property owners in the district affected providing the necessary installation of underground wires and poles at an approximate cost of \$1.80 per front foot. The business men will be canvassed by the Light Committee and representatives of the Penn Public Service Company and if they are willing to provide the installation the plan will be put through by Council and would likely be in operation about the first of next year.

The boulevard lights under the plan would extend on Market street from the alley between Third and Fourth streets to the alley between First and Second streets. On Second street from the alley at Jordan's hotel to Locust street. On Third street from Locust to Market street.

Plan No. 1 provides for an increase from 146 to 175 lights, of which 34 would be 250 candle power; 72 would be 100 candle power, with 65 are lights, at an increase of \$1,062.20 over present light costs, or a total annual expenditure of \$6,912.26.

More Sidewalk Notices.

Notices to build sidewalks in front of their properties on Martin street were ordered served on the following property owners: Roger S. Snyder, L. C. Matern, Ella Colegrove, Walter T. Hancoy, Arthur A. Dermerer, Emory J. Gearhart, E. B. Leas, C. J. Flickinger, S. J. Thompson, Edith A. Fairer, and Connie E. Thompson.

UNIDENTIFIED MAN
KILLS PROMINENT
PHILA. PHYSICIAN

Philadelphia, Aug. 5. (INS).—An unidentified man today shot and murdered a prominent physician, in his office here and then fired a bullet through his own heart, killing himself instantly. The motive for the deed is unknown.

The assassin fired five shots. Dr. Despard, one of which entered his lung. It is believed he was a stranger to the doctor and fired at him apparently without warning. A card was found in the dead man's pocket bearing the name of Alfonso Masi. Dr. Despard is on the staff of the Polytechnic Institute and Jefferson hospital here and is also a demonstrator of clinical surgery at Jefferson College. He is 56 and unmarried.

FOUND SKELETON IN
BURN EXCAVATION

Lancaster, Pa., Aug. 5. (INS).—A skeleton in an upright position was discovered today by workmen excavating under a barn at the home of Walter L. Essleman, of Mount Joy. Old residents say that a cemetery was located near the site of the barn, but cannot explain the upright position of the skeleton.

DEFENSE TEST DAY IS WHAT WOMEN SAY OF MOBILIZATION

In a statement issued from the headquarters of the Daughters of the American Revolution, Washington, Mrs. Anthony Wayne Cook, the President-General, says: "Defense Test Day" is to the government what a "Fire Drill" is to a public school system. No one would think of questioning the latter as one of the greatest safety measures introduced within modern times. A clear thinking individual can readily fail to look upon "Defense Test Day" as a similar safeguard. That it should be construed as a menace and as a military bugaboo by the people who are opposed to war under any and all conditions is not to be wondered at. Any such forward looking as this will undoubtedly bring into the open both its advocates and its enemies which is in itself of no insignificant value.

Since the World War taught us anything, it brought home to even the most uneducated and internationally minded of us, the terrible sacrifice that the brave men of America paid in blood on the fields of France and Belgium. As a nation we had persisted in the same complacency that the United States could be depended upon to "see it through" in time of need without adequate citizen training and preparation for the task in hand.

For the United States is the nation or the individual that fails to benefit by its past mistakes. September twelfth, our national day, is a day of remembrance, in a dignified, constructive way is going to check up on itself to see whether it has benefited or failed to profit by its past blunders in preparation for the defense of its nation. There is no cloud or disaster that rests upon our horizon, more at the ideal time in which to do so.

Believing that this day is to be devoted to the nation and to its citizens, men and women equally alike, it has been my solemn duty as President-General of the Daughters of the American Revolution to urge upon all State Regents the desirability of having every Patriotic of the American Revolution come to the spirit and the letter of the "Defense Test Day."

Philadelphia Girl Lost Six Months In New York Does Not Know Parents

Philadelphia, August 5. (INS.)—Eighteen-year-old Florine Adams, who disappeared mysteriously five months ago while traveling from Baltimore to her home in Ormantown here, is back with her parents, a victim of amnesia.

The girl was discovered by her father working as a telephone operator in New York, where he had been led to go by a stranger who called at his home here and gave the clue that led to her discovery.

"I'm sorry but I don't know you," is the only answer given her parents when they try vainly to have her recognize them.

According to the girl's story she was attempting to pass from one coach to another in the train when it lurched throwing her against the side of the car. She can remember nothing further of her former life before she started work as a phone operator in New York.

MR. COOLIDGE AND WARREN EXCHANGE NICE COMPLIMENTS

By GEORGE E. DURNO
I. N. S. Staff Correspondent
Washington, Aug. 5.—Extending Charles H. Warren full credit for the establishment of the "Most Cordial Relations" that ever existed between the United States and Mexico, President Coolidge today formally accepted Warren's resignation as American Ambassador to Mexico City.

At the same time, Warren issued a statement in which he declared the Coolidge administration must be given credit for putting America's international relations on a "better basis" than has existed for a long time.

He referred especially to solution of the "pressing problems in the far east and Mexico, and, through the Dawes plan in Europe.

Henry S. Jacobs arrived Monday noon to spend a few days with his parents at Trinity Church manse.

Marriage Licenses

Wayne Lewis and Aitres Martin, both of Curwensville.
Charles Burns, of Eriton, and Margaret V. Fox, of DuBois.
Harry J. Sharp, of Youngstown, O., and Beatrice Miller, of Mahaffey.
John Szczepanik and Stefania Kusnier, both of DuBois.

TEACHERS' INSTITUTE

The Clearfield County Teachers' Institute opens in the Clearfield High School building on Tuesday, August 26 and ends Friday, August 29.

CHAUTAUQUA DAY AUG. 21

The Swarthmore Chautauqua will open in Clearfield on Thursday, August 21st and will close August 27th.

Aristocratic Plumbing
compared with that of a half century ago is a revelation. The ordinary bathroom of today rivals that of a millionaire fifty years back, and yet every year marks further progress towards perfection in sanitary plumbing. This is the class of work we are ambitious to turn out right along, and we are succeeding.

The Smart Woman's CHOICE FOR TOWN WEAR

From \$5.95 TO \$9.50

Well-dressed business women and others who spend all or part of the summer in town, will find here just the footwear that combines coolness with a sufficient degree of formality. Straight-heeled strap pumps, low-heeled tailored slippers, comfortable slip-ons and well-cut sandals have easy, flexible soles, and are developed in kidskin and the new lightweight Patent and Tan calf.

Lytle Bros.
CLEARFIELD, PA.

Dr. P. C. Reeve sent the Progress office a postcard showing the "old Youngstown, Ohio, are guests at the home of Mr. and Mrs. William Hughes is "pulling out some big ones." He will return here next week and will fill his pulpit on August 17.

Mr. and Mrs. F. H. Horst, of Youngstown, Ohio, are guests at the home of Mr. and Mrs. William Hughes is "pulling out some big ones." He will return here next week and will fill his pulpit on August 17.

Vest Pocket KODAKS

They're the handiest little Kodaks that Eastman ever put out. You'll never notice the weight no matter how far you tramp—you'll enjoy the sharp little pictures they take.

Not expensive to own—not expensive to operate.

Just the thing to take along on your vacation.

Kutz Stationery Store
CLEARFIELD, PA.

SOMETHING GOOD FOR MEALS

This is the time of the year when it is hard to give something new for your meals and we have been busy getting things that are new and that the folks will smile about when they sit down at the table.

Come to the store often. You will find something new each time you come.

THORN BROS.

Sherlock Holmes got to the BOTTOM of THINGS but...

Why are there months in the calendar?

See it early astronomers, noting that the Moon went through her phases in about 30 days, divided it into 12 months. Hence our word called month, from the word moon, especially.

Puritest Mineral Oil
Russian Tyre is a playful and to health because it is a body of poisonous food.

Puritest Mineral Oil is widely used in lubrication. Acting as a lubricant, it keeps the ever-present and valuable features of your car in good condition. It is easy to use. Puritest preparations are clean and hygienic. Every item that skill and care can give.

C.R. BLOOM PHARMACIST
CLEARFIELD, PA.

The Rexall Drug Store

A better pipe tobacco

Why better? "Wellman's Method"

famous old-time secret, now ours -exclusively

Certainly rounds tobacco out!

Cut just right, too (See below)

In foil, not tin -therefore 10¢

Granger Rough Cut

A Pointer on Tobacco—
The slower a tobacco burns, the cooler it smokes. Also the longer it lasts. This slow burning is due to the fact. Granger is "rough cut" to "cut". Granger is "rough cut" for pipes, smoke slow and cool—cut for pipes, not cigarettes. And Wellman's famous old secret method produces richer fragrance and taste.

LIGHT & MYERS TOBACCO CO.

McCarty's ICE CREAMS

Made up in SEAL-RIGHT packages, 1/2-pints, pints and quarts. One flavor to package.

BRICKS

Pints and quarts, two or more flavors. Flavored correctly, full measure. Also the 10c spoon brick for socials.

McCarty's
The Store of Quality

BRINGING UP FATHER

THIS IDEA OF LIVIN' IN THE COUNTRY, IS THE BUNK. I'VE GOT TO WALK TWO MILES AFTER I GET OFF THE TRAIN. IT MUST BE AWFUL IN RAINY WEATHER!

I ALWAYS STAY IN TOWN IF IT RAINS. MY WIFE DOESN'T EXPECT ME HOME!

I SHOULD HOPE NOT.

WHAT TRAIN DO YOU GENERALLY CATCH?

THE ONE AFTER THE ONE I MISS. I GOTTA STEP SOME HOW. IT'S FIVE O'CLOCK.

ODDS AND ENDS
AND THINGS

By J. D. C.

Uncle Sam says 1954 will be a big year in two ways. He hopes to announce the final payment off of the war debt, the treasury's plans are based that way. The date will be later if prices drop materially and the people's economies are correspondingly cut, thereby reducing money available for taxation.

In 1954, also, Uncle Sam expects to have the country bone-dry. That was the date set by experts when national prohibition went into effect. They didn't kid themselves, that it could be brought about overnight. One generation, at least.

When we got back home from that New York convention and told some of our "Doubting Thomas" Republican friends how dry it was, they looked at us and grinned, just as much as to say, "quit your kidding". Here is expert proof of what we said:

"New York City, generally regarded as the great oasis in prohibition America, was congratulated on July 10 by Division Chief of Prohibition Merrick on its dryness during the Democratic convention. Eighty general prohibition agents, assigned to New York for convention duty, also were praised for mopping up more than 100 places, where liquor was sold. The seizures made between June 24 and July 9, Chief Merrick said, aggregated in value about \$600,000.

Law violations by New Yorkers generally and by visitors to the city were comparatively negligible. Mr. Merrick said that he saw only one drunken man during the convention and that incognito inquiry at Madison Square Garden had found nobody who knew of liquor selling in the vicinity. Mr. Merrick, in commenting upon the situation, said, "There was no public evidence of boozing. I never saw a more conscientious crowd of delegates and friends. There was some liquor sold but very little. In view of the large quantities of liquor seized this is a remarkable condition. New York surely did its bit in observing the Eighteenth Amendment."

It takes 51,613 postoffices to serve the United States with its daily grail of mail, according to figures compiled and made public by Postmaster General Now. This is a rough average of one postoffice for each 2200 inhabitants.

The figures emphasize that the postal system in one of the biggest businesses in the whole country. It is a business with more than 50,000 branches, some of them at isolated cross roads and some in the very heart of the big city business districts.

Postoffices are not distributed among the states in exact proportion to population, as might be expected on casual consideration. New York, the most populous state, has 2267 postoffices, while its neighbor, Pennsylvania, has 2969. Pennsylvania has more offices than any other state. Texas has just one less postoffice than New York, while Virginia with 2282, has a state with less than the most populous.

There are 12443 postoffices and Ohio has 12443, which borders both the most populous states on the south, has 2500, which is a greater number than any state except Pennsylvania. Delaware has only ninety-nine postoffices, which is less than the number in some of the territories.

Approval of the purchase of 2,445 acres of forest land in McKean, Forest and Warren counties by the National Forest Reservation Commission brings the total acreage of the Allegheny national forest reserve to more than 150,000 acres. The forest was designed to protect the headwaters of the Allegheny River and is composed largely of second growth maple, beech and birch. According to information received by the state officials the National Commission plans to establish a large camp in the Warren county section so that it will connect with Allegheny Park, maintained by New York State, forming a "playground" of hundreds of acres.

The Fourth of July accident toll this year includes at least 200 children who will probably lose the sight of one or both eyes, the National Committee for the Prevention of Blindness announced today.

The greatest damage was caused by firecrackers, the eyes of 82 children having been injured by premature explosions and other such accidents. Firearms injured the eyes of 24 boys and toy cannon those of seven. Torpedoes injured nine, while Roman candles and skyrockets injured 12.

Pennsylvania led all states in the number of such accidents reported, its total being 24. New York was second with 23. Illinois reported 16 and Iowa 15.

PLAYGROUND ACTIVITIES

Various leagues and tournaments are now being run off or planned for the local playgrounds and are attracting many boys and girls as well as some older folks. The boys baseball and the girls volleyball leagues seem the most popular, while horse shoes, tether ball, checkers, jacks, marbles, etc., are drawing no little attention. The standing and scheduled for the week for some of them follow:

Boys' Baseball.

East End	West Side	Reedsville
W. L.	W. L.	W. L.
Witmer Park	Witmer Park	Witmer Park
West Side	West Side	West Side
Reedsville	Reedsville	Reedsville

Schedule for week—Today: East

End at West Side, morning; Witmer

at West Side, afternoon. Thursday:

West Side at Witmer, afternoon.

Girls' Volleyball.

Reedsville

East End

Witmer Park

West Side

Reedsville

Schedule for week—Wednesday:

Afternoon, Witmer at West Side,

double header; evening, Reedsville at

East End. Friday: Afternoon, East

End at Witmer, double header; evening,

West Side at Reedsville.

Boys' Horse Shoes.

East End leading.

Schedule—Wednesday: Afternoon,

Witmer at West Side, double header;

evening, Reedsville at East End. Friday:

Afternoon, East End at Witmer,

double header; evening, West Side at

Reedsville, double header.

Girls' Horse Shoes.

Schedule: Thursday afternoon, West

Side at Witmer.

A tether ball series will be arranged

between Witmer Park and Reedsville

and will get under way this week.

Schedules for jacks, checkers, and

marbles are now being made up.

The tennis courts were rolled yesterday

and will soon be in shape.

The Reedsville girls won another

volley ball match last evening. They

defeated Witmer two straight games.

An all-around athletic contest for

both boys and girls will start next

week. Announcements will be made

later as soon as the prizes arrive.

The men's horse shoe leagues have

been rather slow in getting started

but will soon be in full swing.

West Side and Reedsville are planning

for special features soon. East

End had theirs last week which was

very successful.

GREAT MINERAL SPRINGS

CAMP MEETING

The great revival meeting conducted

by Rev. McDaniel, B. Th., has developed

into a great camp meeting. Cant

L. A. Watson will speak Wednesday

evening. This meeting will be conducted

each and every night this

week.

Refreshments are being served also,

before and after service if needed.

Many souls have been saved during

the meeting, and many more expected.

Saturday night, Sunday and Sunday

night, great crowds visited the meeting.

Rev. McDaniel preached a wonderful

sermon on last Sunday in the camp

meeting. His text, "Behold I lay in

Zion a stone," Isaiah 28:16, subject,

"A Foundation Stone."

All present cried out I am satisfied

and will come again.

Come one. Come all.

MRS. LESTER FINKBEINER DIES

Mrs. Lester Finkbeiner, of Pleasant

Grove, died at the home of her

parents, Mr. and Mrs. B. U. Dougherty,

508 Daisy street, at 11:15 o'clock, last

evening. Funeral notice tomorrow.

Miss Louise Miller, of Clearfield

family have returned from an auto

trip to Pittsburgh. Mrs. W. L. Evans,

her aunt, Mrs. Earl Miller, of Osceola

Mrs. Stewart's sister, returned with

them.

GRAIN PRICES, UP AND DOWN

Wheat rises spectacularly in price, and the joyful farmers thereupon prepare to plant wheat more heavily in the fall and spring.

It is a perfectly natural thing to do, in the circumstances. It is human nature, out of which springs economic law. Every man, seeing profit ahead along a certain line, wants to follow that line and make more profit. So groups of men, operating as individuals of their own free choice, proceed to defeat their own good luck and change the situation.

Wheat commanded high prices during the war and for some time afterward. That led inevitably to the planting of a large acreage in wheat. Wheat production increased to such an extent that, when the abnormal war demand fell off, prices slumped. Now small production has resulted in higher prices. Higher prices will make larger production. Larger production in turn will bring lower prices.

It is the eternal cycle, which works in industry as it does in agriculture. And it will continue as long as any class of producers are more concerned with immediate profits than with steady profits over a long period.

GASOLINE STATIONS

The gasoline filling station business, says the head of a big company, is being overdone. A casual survey of the general situation suggests that he is right. Figures uphold him.

Service stations have multiplied with startling rapidity in the last few years and are still multiplying, in every thriving community. They invade every business street and many a residence street. They are becoming as common on down-town corners as saloons used to be and as drug stores have been more recently. They appear unexpectedly in the most out-of-the-way places, lying in wait for the tourist trade which comes wherever roads are good, or wherever bad roads lead to important places. Rivalry is keen. If there is little or no competition in price, for the same grade of gasoline or oil, there is competition enough in service, which is what the trade wants.

But the service becomes expensive with the multiplication of stations and the installation of elaborate equipment. In one city half a cent on every gallon goes for rent of the ground space, alone, not to mention the overhead cost of the outfit and the men in charge, and the expense of transporting supplies.

The stations make money, but less than they would if there were fewer of them. The driving public likes the stations sprinkled around rather plentifully, for reasons of convenience, but any particular driver grows less enthusiastic when a station invades his neighborhood and lowers the value of his property or spoils a fine view. The thing is being overdone, as is the way of petty competition in many other lines of business. And the public has to pay for the excess service, just as it has to pay for the superfluous small stores and shops of many kinds.

"THE SPIRIT OF 1914"

The German people have been celebrating the beginning of the World War, 10 years ago. Or at least, some of them have. The militarists have been encouraging them in that celebration. Field Marshal Hindenburg, for example, gave this message to the German public:

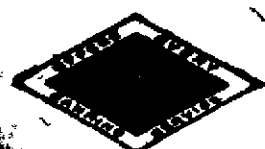

"May the spirit of 1914 again be the common property of all Germans!"

Anybody else might suppose that the Germans would want to forget this anniversary, instead of remembering it, considering what the war it symbolizes has done to them. It was "the spirit of 1914" that brought them where they are now, beaten, prostrate, impoverished, burdened with stupendous debt and still regarded with mingled hatred and fear by a large part of the world.

The one thing a true patriot would not wish for the German people is a resurgence of the blind, arrogant, warlike spirit which led them to follow ambitious leaders into their great military adventure.

The Good Sense Of Saving

Saving is, and always has been, a mark of good sense—"horse sense". The saving habit has always identified its possessor as a person worthy of faith, credit and respect. Start your savings account with us today—start it and then increase it. You'll find it pays.

CLEARFIELD TRUST CO.

WHEN MA'S AWAY!

PRESBYTERIAN CHURCH NOTES

We were glad to welcome to our service on Sunday Rev. R. P. Miller, of Philipsburg, who brought us the morning message. Mr. Miller selected his text from Paul's Epistle to the Romans, 8:15. There is no more important question than the relation of each and every individual to God. Paul tells us that, as believers are children of God by adoption, and faith in Jesus Christ; and as children become heirs of God and joint-heirs with Christ. The spirit of adoption requires each one to have reverence toward Him, fear of Him, submission and love, but the greatest of these is love.

The evening service was one of richest blessing and power, not only thru the beautiful selections rendered by the choir and organist but thru the servant of God, Rev. Horace Lincoln Jacobs, who brought us the message from the epistle of Paul to the Colossians, 1:28.

Meetings for the week: Wednesday evening the most helpful service of the week at 7:30. Come and be a blessing and receive the blessing of peace and comfort.

Thursday afternoon the monthly meeting of the Ladies' Aid in the Church parlor.

Thursday Class No. 4 will hold their annual picnic at the park in Curwensville, every body come and bring a friend, providing sufficient lunch in the basket for them. Jitney will be at the Church at 2:00 for all those who have no way of getting there. Time? Thursday afternoon August 7. Place? Irvin Park, Curwensville. Lunch? Everyone bring their own, with an extra amount for the friends.

Thursday, August 7, Field Day Meet at Irvin Park, for all the Sabbath Schools of the county. We want to see a good representation of the members of the Clearfield Presbyterian Church and Sabbath School.

Friday evening the Ladies' Aid of the Reedsville Chapel will meet in the Chapel at 7:30.

Mr. and Mrs. Gray E. Miller and sons Edward and Clifford, accompanied by Dorothy Schenck, left by motor today for York, Philadelphia, and Atlantic City, where they will spend a ten-day vacation.

Hemorrhoids—Piles Cured or Nothing to Pay

No man or woman need suffer another day from any pain, soreness or distress arising from Hemorrhoids or Piles, now that a Rochester doctor's prescription, known to druggists as MOAVA SUPPOSITORIES, can be obtained for a moderate price. You'll be amazed to see how quickly they act even in long standing cases. Stewart Drug Company and all good druggists will supply you on the money back if dissatisfied plan.

Progress Editorials for Women

OUR BEST FRIEND

By FLORENCE DAVIES
Work. Just plain, everyday work, with your heart in it. That is the time killer that "Dad" Quick, who celebrated his 103d birthday recently, is most earnestly recommending.

"It gives one an appetite for food and for sleep," he urges. "People are better working than loafing."

To prove that he meant every word that he said, the young oldster, who is a saddle maker, put in thirteen hours work on his birthday, two more than his usual daily record.

Visions of "doing nothing forever and ever" assail us in these hot vacation-month days, and of course we all need a change, if only to make us glad to get home and back on the job once more, whether we are homemakers or business women, or all that we can manage of both.

But too many weeks of idleness have found to disagree with both Jack and Jill. Anyone who keeps track of current events in these fast moving days may read, even as she runs, that

lack of honest and useful employment is at the foundation of much of the all-year-round juvenile crime so prevalent nowadays.

Judges of the divorce court tell us that "too much money and too much leisure" keep their mills grinding.

Seekers after an answer to community problems say that what a man does with his leisure indexes him. It is then that "some mischief still for idle hands" enters into the problem.

Yes, "Dad" Quick is right about it. Too much work is better than too little, and a birthday spent in useful employment is well celebrated by comparison with the thoughtless, not to say vicious use of the same time, as many a duffer through the days would plan it.

But to those who need vacation rest, having well earned it, here's a wish for all the joys that can be packed into the summer hours.

Read The Progress

SUFFERED PAIN FOR YEARS

Mrs. Jahr Finally Relieved by Lydia E. Pinkham's Vegetable Compound

Howard Lake, Minnesota.—"I write to let you know that I have taken several bottles of your medicine in the last three months, and found it to be very good. I had pains and other troubles women have and was not able to do my work. Seeing your 'Ad.' in the paper, I thought of giving Lydia E. Pinkham's Vegetable Compound a trial. I got good results from it and feel able to do my housework now. I used to have lots of pains, but after taking the medicine I am relieved from pains that I had suffered from for years. I recommend the Vegetable Compound to my friends, and hope this letter will be satisfactory for you to publish."—Mrs. JENNIE JAHR, R. E. No. 2, Box 21, Howard Lake, Minn.

Free upon Request
Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free, upon request. Write to the Lydia E. Pinkham Medicine Co., Lynn, Massachusetts. This book contains valuable information that every woman should have.

Philadelphia—Police are searching for two negro bandits who shot and seriously wounded James Matthews, restaurant proprietor early today when he refused to submit tamely to be robbed.

Matthews was shot through the window after he had driven the bandits from his place of business.

Philadelphia—A farewell hug from her son after a visit to his home in Detroit, resulted in a broken rib for Mrs. S. E. Billman, who discovered the fact after her return home here.

Mrs. Billman was taken to the hospital for treatment.

Pittsburgh—With two deaths from acute alcoholism reported at the coroner's office here yesterday, 74 persons have died from "poison booze" since the beginning of the year according to the local health bureau.

William J. Barrett, 48 and John L. Salisbury, 32 are the latest alcohol victims here.

UNITED STATES TIRES ARE GOOD TIRES

Unloading latex for U.S. Royal Cord Balloon Tires from tank steamers to U.S. Rubber Company Tank Cars—New York Harbor

What Latex means to U. S. Balloon Tires

NOTICE a balloon tire flatten under the weight of the car and you realize how great a responsibility for combined flexibility and strength low air-pressure construction throws on the tire manufacturer.

When the balloon tire was first being considered the makers of U. S. Royal Cord Balloon Tires had already developed the Latex Process—and patented it.

They had the supply of latex—liquid raw rubber—on their own plantations—and the methods for bringing it to this country.

So U. S. Royal Cord Balloon Tires are built of Latex-treated cords—and have strength and flexibility obtainable by no other method.

Combined with longer service, U. S. Royal Cord Balloon Tires have the advantages of accurate balance and a tread scientifically designed for low air-pressure.

Consequently their tractive and anti-skid qualities meet every requirement of safety and ease in handling at all speeds.

United States Rubber Company

U. S. Balloon Tires are made for 20 and 21 inch rims. Also U. S. Balloon-Type Tires to fit present wheels and rims.

From Salt to Vinegar.
It is a rule with the Mohammedans
to begin a meal with salt and finish
with vinegar. If they begin with salt
they think they will escape the con-
tagion of seventy diseases. If they
finish with vinegar, their worldly pos-
sibility will continue to increase.

NOTICE
In the matter of the Paving and
otherwise Improving of the Alley ex-
tending from Pine Street to Reed
Street, and located between Second
Street and Third Street, in the First
Ward of the Borough of Clearfield,
Pennsylvania.
Notice is hereby given that at the
regular meeting of Council of the
Borough of Clearfield, Pennsylvania,
on Monday evening, August 4, 1924,
the following Ordinance was introduced
and will be voted upon for adoption
at the regular meeting of said Coun-
cil on Monday evening, September 1,
1924.

GEORGE M. ROSSER,
President of Council,
of the Borough of Clearfield.

Attest:
J. D. CONNELLY,
Secretary.

AN ORDINANCE
Authorizing the grading, guttering,
drainage and paving of the alley ex-
tending from Pine Street to Reed
Street, and located between Second
Street and Third Street, in the First
Ward of the Borough of Clearfield,
Pennsylvania, and providing for the
assessment and payment of the cost
thereof.

Be it ordained by the Council of the
Borough of Clearfield in Council regu-
larly assembled, and it is hereby or-
dained and enacted by authority of the
same:

Section 1. That the alley extending
from Pine Street to Reed Street, and
located between Second Street and
Third Street, in the First Ward of
the Borough of Clearfield, shall be
paved with concrete, and shall be
guttered and drained and the center
line of the paving shall be in the center
of said alley.

Section 2. The grading, guttering,
drainage and paving of said alley shall
be done under the direction of the
Borough Engineer. The cost and ex-
pense of grading, guttering, drainage
and paving shall include all work and
expense incidental thereto, such as
grading, filling, guttering, drainage,
paving, engineering, publishing ordin-
ances, the cost of materials and labor
and everything whatsoever that may
be necessary to make a complete job;
two-thirds of the cost and expense of
said improvement shall be paid by the
owners of the properties abutting on
said alley, one-third of the cost and
expense of said improvement shall be
paid by the Borough of Clearfield; the
entire cost and expense shall be made
up by the Borough Engineer of the
Borough of Clearfield and the pro rata
share or assessment of each property
owner shall be determined on the
basis of the number of feet of the re-
spective properties abutting on said
alley, which assessments, if not
promptly paid, shall be collected from
the owners of the real estate abut-
ting on said improvement in the man-
ner provided by law.

Ordained and enacted this day
of September, A. D. 1924.

President of Council
of the Borough of Clearfield.
Attest:
Secretary.
Examined and approved this
day of September, A. D. 1924.
8/5/24/12ch Burgess.

Section 2. The grading, guttering,
drainage and paving of said alley shall
be done under the direction of the
Borough Engineer. The cost and ex-
pense of grading, guttering, drainage
and paving shall include all work and
expense incidental thereto, such as
grading, filling, guttering, drainage,
paving, engineering, publishing ordin-
ances, the cost of materials and labor
and everything whatsoever that may
be necessary to make a complete job;
two-thirds of the cost and expense of
said improvement shall be paid by the
owners of the properties abutting on
said alley, one-third of the cost and
expense of said improvement shall be
paid by the Borough of Clearfield; the
entire cost and expense shall be made
up by the Borough Engineer of the
Borough of Clearfield and the pro rata
share or assessment of each property
owner shall be determined on the
basis of the number of feet of the re-
spective properties abutting on said
alley, which assessments, if not
promptly paid, shall be collected from
the owners of the real estate abut-
ting on said improvement in the man-
ner provided by law.

Ordained and enacted this day
of September, A. D. 1924.

President of Council
of the Borough of Clearfield.

Why It Will Pay You To Trade In Clearfield

Stewart Drug Company.

For many years this location has been used for a drug store but the present firm of the Stewart Drug Company has been operating since 1917, when the present company was formed.

Situated in the very heart of the business district, opposite the Court House on Market street, this store is of easy access for people from all parts of the city.

The comprehensive stocks carried by this store include everything that you would naturally expect to find in a store of the kind and the courteous service of all the employees make it an ideal place for your drug purchases.

A CITY OF UP-TO-DATE STORES WHERE

YOU GET THE MOST FOR YOUR MONEY!

The Progressive Business Firms whose ads. appear on this page have combined in presenting a series of articles designed to show the most skeptical of persons that it is to their best advantage at all times to Trade in Clearfield. All of the firms here represented have your interests at heart as well as their own and we sincerely hope these articles may be the means of a better understanding between the merchants and the public.

Why It Will Pay You to Trade In Clearfield

On an old tombstone over in Scotland are these words: "I was well, I wanted to get better, here I am."

Yes, here we are. And the strangest part of it all is that a great many of us seem to have thrown out the anchor. We refuse to budge because we don't like the sailing. Its perfectly right and proper to put up the umbrella when it rains, but why let yourself get the "umbrella-holding" habit? The flowers hold up their faces to the storm—they're brighter and better for it when the sun shines again. We've all been pretty well washed—we're clean—we're thru with storms, so let's go—Let's shine—Let's fight—Let's work together to make Clearfield a better place in which to live. A better place for our children to live. A better place for our friends to live.

We can accomplish wonders if we but think we can and if we back up our thoughts with constructive labor and practices. If you quit, so do others. If you start something, others take heart and do likewise. Let us stop saying—"Wait until everybody else begins to buy in Clearfield." Begin now yourself and you will find that everybody else will begin to follow the good example you set for them. Already the ball is rolling. Are you going to PUSH, or watch from the sidelines? Don't let your neighbor outdo you in the betterment of our town and county. Get into the ranks of the people who DO things. Start something—anything—just so it is for the betterment of Clearfield.

For years and years Clearfield merchants have served you. In many instances they have served your parents and grandparents before you. They have kept abreast of the times. When the new things came out they stocked them for your benefit. But they were worth stocking. But they at all times preserved your interests. If an article was not of sufficient value for the money they refused to purchase and pass it on to you. In that respect they have saved you many dollars. Why did they? They could have made a profit in selling to you and yet they refused to handle the article. The reason they did not is worthy of your consideration. They have your confidence. They consider that confidence worth far more than the few paltry dollars of profits they could have made. Some of you are willing to profit by their good intentions. You didn't consider that they had perhaps gone to the expense of getting these articles and then returned them because they could not consistently offer them to their trade, so you mailed your dollars to other concerns in other cities. You were disappointed probably and were the loser. Clearfield stores are progressive. If any thing new comes out you will find it on their shelves if it is worthy a place on them. But always remember that they will first protect your interests. So if you can't find what you want in Clearfield ask your dealer about it. It may be he has some ordered that will arrive that day or the next and you save time. Then again it may be that he had some and returned them as unworthy to his trade. In any event it will always pay you to consult your local dealer first.

Clearfield dealers want your trade. If they did not want it you wouldn't see this page in The Clearfield Progress. It is put here for a purpose. That purpose is primarily to conserve the interests of yourself and your friends as residents of Clearfield. They want to make this a more prosperous community in which to live. If it prospers as a community, you as an individual will prosper also. ALWAYS remember that. And if Clearfield is a good enough town for you to live in and to make your living in, it is also a good enough town for you to make your purchases in. And if you will try making all your purchases in Clearfield you will soon find that it is a much better city to live and prosper in than you now think it is.

Next week we will tell you more about Clearfield and Clearfield's merchants. Something that will be to your interests to read. Something it will pay you to remember and tell to your friends.

Imported Compacts, Face Powders and Toilet Waters

You will always find a plenteous stock of these things here and we suggest you get thoroughly acquainted with our stock before you make your purchases.

CORNER MERRILL AND WILLIAM STREETS

Curwensville's Own Column

Miss Marian Snyder has returned to her home on George street, after a two weeks visit in Tyrone and State College.

Mr. and Mrs. H. D. Smeal, of Cleveland, O., motored to Curwensville on Friday. They will be accompanied home by Mrs. Carrie Snyder and daughters, Misses Marian and Cora.

The religious meeting held over at the Park church Sunday evening terminated in rather a Klan gathering more than anything else. Klansmen were there in full regalia, and Rev. Boone preached. Little Gertrude Erhard sang two songs. A large number of people were in attendance.

Mrs. Lynn Kester and Mrs. Harry Fleming spent a portion of last week at Juniata visiting with the McDowell family.

Next Thursday a number of Curwensville Red Men will go over to Madera to attend a District Convention of that order.

The Deputy Sheriff and one of Clearfield's policemen were in Curwensville Saturday scouting around and trying to locate a former resident but who has not been seen in this vicinity for a year.

Do not fail to remember that Sunday School day will be held on Thursday. A full program will be carried.

out by which the people can be amused all day long.

It was stated not many days ago that water would be pumped into the reservoir for town use. This has not been done yet, as several new mountain springs have been tapped making it unnecessary to pump from the creek.

LEG ALMOST SEVERED BY MOWING MACHINE

Edwin Kauffman, of Mahaffey, is a patient in the Adrian hospital suffering from an accident with a mowing machine in which he sustained a badly mutilated leg.

Mr. Kauffman was mowing when he became tangled in the knives of the machine which almost severed his leg. His condition is not serious and the chances are that the leg will be as good as ever when he is dismissed from the hospital.

Crowe Forces Dr. Healy To Damaging Reply

(Continued from Page One.)

demanded to know whether it was "intellect or childish phantasy" that directed the various details of the plotting of the crime, and in each case the alienist was forced to respond that it was the intellect of the youthful collegians.

"And both Leopold and Loeb are above normal intelligence?" demanded Crowe.

"Yes," admitted the alienist, "one is considerably above normal intellectually and the other is slightly above the average."

"Well, was it intellect or was it this childish phantasy we've been hearing so much about, that led to the careful plotting of this crime," asked Crowe.

"Intellect," admitted Dr. Healy.

"As a matter of fact," said Crowe, "there isn't much difference between this crime and any other, except the ingeniousness of the plot, and the high

grade of the intellect that conceived it all."

Healy said he thought there was a lot of difference, that "a lot of other things enter into it."

Crowe endeavored to show by a series of shrewd questions that Leopold and Loeb are no different from any other criminals except that they are considerably smarter than most other criminals, but Dr. Healy doggedly stuck to his guns. He said both young slayers are of diseased mentality, low grade emotionally, and "thoroughly unbalanced."

Crowe again attempted to get the defense alienist to say that the slayers are "insane," but Dr. Healy shied away from the term as "unmedical and unscientific" and rested his conclusions entirely on the word "thoroughly unbalanced-mentally."

Washington, Pa., August 5 (INS.)

August Storck, 40, died at a hospital here today from injuries received when the automobile in which he was riding went over a 20-foot embankment near here last night and was wrecked. George Stoppel, who was riding with Storck is in the hospital seriously injured.

Big County Sunday School Convention

(Continued from Page One.)

Hon. M. Clyde Kelly, who is to speak on "The Challenge To America," will be introduced at two o'clock. Mr. Kelly is one of the most noted orators on the American platform today. Years from now many people will be telling their children that they heard Hon. M. Clyde Kelly at rym Park, Curwensville, the first Thursday of August, 1924. Do not miss this wonderful address.

Mrs. Grant Norris has charge of the children's play. Many games have been arranged and suitable prizes provided. This department of Field Day promises to be a boon to parents and children. If your child is too young, and you want a little freedom, all you have to do is to turn your child over to this department and it will be lovingly taken care of.

The big athletic events will start at 8 o'clock. The large program which has been printed will direct you about this and the prizes offered. There you will learn all about the big ball game which is to follow the athletic events, the concerts, and other activities which will be going on all the time.

We hope you can say with us, "We shall be on the grounds on this BIG DAY."

"Listening In" is where you'll pick up many a station broadcasting real information about Clearfield.

A Cordial Invitation

You and your friends are cordially invited to attend the Opening of the beautiful new banking home of the Curwensville State Bank, which will open for business Saturday, August 9th, 1924.

You are welcome at any time to call and inspect this building, which is one of the most complete modern and up-to-date institutions in this section of the country, yet Saturday, August 9th, has been especially set aside as "Open House for visitors."

The many convenient and complete features of the bank will be shown and explained by the officers, directors and employees, and especially interesting to visitors will be the massive vault which is the last word in vault construction.

In order to give everyone an opportunity to view our banking quarters the bank will remain open during the evening of Opening Day.

REMEMBER — NO OTHER INVITATION IS NEEDED. We expect you and your friends at our Opening.

CURWENSVILLE STATE BANK
Curwensville, Pennsylvania

A LONELY BITE

at any time is enjoyable here, because of the dainty foods we serve to our patrons in a sweet, clean atmosphere. Our cooking is praised by our customers daily and the wonderful variety of foods provided makes it easily possible to select a favorite dish from the bill of fare.

JORDAN'S

Mountain Climbing as a Sport.

Climbing satisfies many needs; the love of the beautiful in nature; the desire to exert oneself physically, which with strong men is passionate craving that must find satisfaction somehow or other; the joy of conquest without any woe to the conquered; the prospect of continual increase in one's skill. The mountaineer does not reap any golden harvest by his exertions—even if he writes a book on his subject. He does not exhibit his skill to applauding thousands, and his vanity is rarely tickled by the praise of many. He must be content with the sport itself and what it offers him directly.—Owen Glynn Jones

Rainfall in Torrid Zone

The torrid zone has a greater rainfall than any other portion of the world due to the cloud ring that hovers over it. Along the line of the equator thunder showers are of almost daily occurrence.

Possibly Asafetida Also

Everything in this world can be disguised and made to seem what it's not, with the possible exception of castor oil.—Duffell Herald

SAVES BABIES, helps grown-ups, comforts elderly people.

The Clearance You Have Been Waiting For

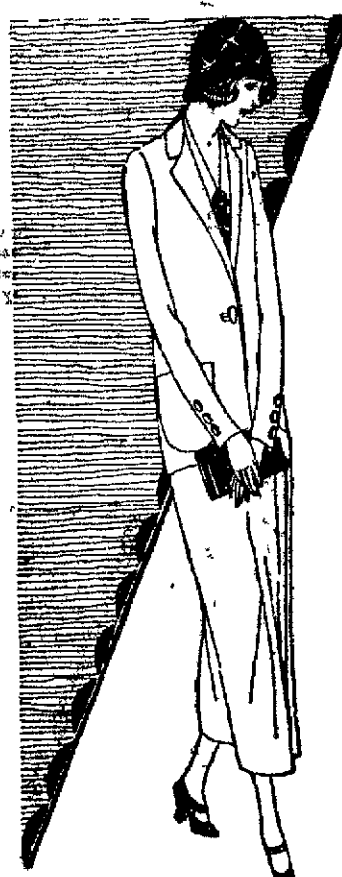

If you are going away, if you go motoring, or if you stay at home, there are many times when one of these Suits or Coats will be appreciated. Bear in mind, every price is a bonifide reduction.

Women and Misses Smart Coats and Suits

THE SUITS

In Wanted Models

An opportunity too rare for any woman to miss. Qualities are exceptionally fine. Every detail of tailoring indicates superiority. Fashionable models in good hairlines, twills, tweeds, and other wanted fabrics. Not a suit in the whole wonderful lot could be duplicated within double of the price asked. Until you see them you cannot appreciate their value.

THE COATS

In Snappy Styles

This is truly the most important event of the season. Aside from the amazing reduction of One-Half the coats are unusual—styles reach the point of exclusiveness—fabrics and workmanship are of the kind always associated with the best garments. A genuine clearance. That means wearable coats clear into the Winter months.

YOUR CHOICE OF \$100.00 COATS OR SUITS AT JUST	\$50.00
YOUR CHOICE OF \$75.00 COATS OR SUITS AT JUST	\$37.50
YOUR CHOICE OF \$50.00 COATS OR SUITS AT JUST	\$25.00
YOUR CHOICE OF \$25.00 COATS OR SUITS AT JUST	\$12.50

Many Other Prices Prevail All At Half Original Prices

Storck who lives on a farm borrowed the automobile from his neighbor, James A. Walsh yesterday to procure some supplies from Washington. The machine became uncontrollable when he was returning home and plunged down the embankment pinning Storck and Switczek under the car. A third man in the car escaped injury.

Pittsburgh—August 5 (INS.)—Local police are puzzled today in their efforts to establish the identity of a girl aged 26 who was found wandering in Highland Park, late last night. She says she does not recall her name, her home address or any of the circumstances which led to her being in the park at the time. The only thing she remembers, she said, are two bright lights of an automobile, and they came together. Most of the time she talks incoherently about a black dog. She is well dressed, has red hair and weighs about 110 pounds.

Make You Own BUG KILLER P. D. Q.

You can easily make at home a full quart of the strongest bug-killer for 50c, enough to kill a million bedbugs, roaches, moths and ants. This recipe will not burn, rot or stain clothing, and is entirely different from any other formula we know of, so this will kill the eggs.

Procure of your druggist a 50c package of "Pearly Devils Quiescent" P. D. Q. (then you will have the chemical made expressly for the hotel, hospital and dwellings of pesky bedbugs and other insects.)

Impossible for the pesky devils to exist with the proper use of P. D. Q. P. D. Q. can be purchased in sealed bottles, double strength, Round form.

Sold by Stewart Drug Company and all leading druggists.

Just Like Home

FLAMING YOUTH

Coming To DRIGGS THEATRE Wed. and Thursday

Mrs. Louise Schenck has returned from a two weeks visit with her sister Mrs. Alf Bloom, of Luthersburg.

Migrate at Night

The majority of birds migrate at night. Some species do so both by day and night, as swans, geese, ducks, nightjars, swallows and swifts. The average rate of flight is very much less than men at first believed. The majority of small land birds seldom fly more than 25 miles an hour, and they rarely fly more than a few hours each night.

Ravages of Guilt

Guilt upon the conscience, like rust upon iron, both defiles and consumes it, gnawing and creeping into it, as that does which at last eats out the very heart and substance of the metal.—South.
